Select (highlight) eight course numbers as your first choices for classes for each semester. You should also select four alternative courses which can be used either semester as substitutes if your first choices cannot be used in your schedule. Your alternative choices are as important as your first choices and use of your alternative courses will not be a reason for changing your schedule at the start of a semester.

Course numbers listed to the left of the course title under the "Sem 1" column indicate the course is offered during the 1st semester. Course numbers listed to the right of the course title under the "Sem 2" column indicate the course is offered 2nd semester. Course numbers ending in "0" usually indicate a semester course rather than a year long course and can be taken during the semester in which the course number is listed.

**Courses with a \*\* satisfy the one credit of fine/performing art needed for graduation.**

**A reading course may be required based on FSA scores.**
