The Keys For Empowering Black Male Learners

MOTIVATING BLACK MALE LEARNERS TO ACHIEVE IN SCHOOL AND IN LIFE

Featuring Transformational Educational Leader:

Principal Baruti Kafele

“The reality is that in the academic realm, we typically discuss the plight of black males within the context of the overall achievement gap. In doing so, we’re addressing this as an academic problem, which it is not. When we analyze the national achievement data of black males, it becomes glaringly clear that this gap in achievement occurs in virtually every district in the country and across rural, suburban, and urban areas. There are deeper issues that often go unaddressed in schools.”

Principal Kafele is Transforming Attitudes!
Recipient of the National Alliance of Black School Educators Hall of Fame Award, the New Jersey Education Association Award of Excellence and the prestigious Milken National Educator Award, Principal Kafele is **ON FIRE!**
