## **MISSION STATEMENT**

The vision of Tarpon Springs High School aligns with the county vision: We will teach to the agreed upon course objectives and provide evidence of student achievement of those objectives. We will make full use of the instructional time allotted to us to allow for highest student achievement. We will demonstrate our expectation that all students can achieve the objectives of the courses to which they are assigned. We will help to ensure a safe and orderly learning environment throughout the school. We will treat all members of the school community with respect.

The mission of Tarpon Springs High School supports our vision: Our school mission is to promote excellence, independent thought and lifelong learning for all of our students. Together with parents, students, school staff and community members we will assist all of our students in planning goals, acquiring knowledge, developing skills and clarifying character values within our global community. We aim to promote highest student achievement among all of our students within the safe learning environment.

The Tarpon Springs High School Administrative team embraces high-quality education. We assert equity for every learner, espouse best practices, and value ethical expectations. We want Tarpon Springs High School to make a positive impact in our students' quality of life, not only now, but forever.

## TARPON PROFILE

Tarpon Springs High School, home of the *Spongers*, is located on 49 acres in northern Pinellas County within a quarter of a mile of the Gulf of Mexico. Originally part of a one-room schoolhouse in the late 1800's, Tarpon Springs High School, the second oldest school in the county, accommodates nearly 1900 students

Tarpon Springs High School offers scheduling that allows us to offer students courses that fascinate a wide variety of students. Some of our students through application in the spring, enjoy learning in our Cambridge Program, Veterinary Science Academy, Jacobson Culinary Arts Academy, and the Leadership Conservatory for the Arts.

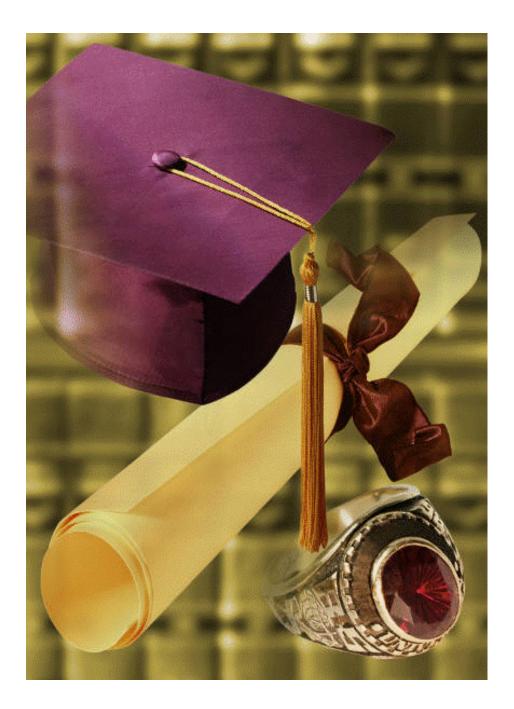

Our Advanced Placement (AP) courses include American History, Art Studio 2d, Art Studio 3d, Biology, Calculus AB, Calculus BC, Chemistry, English Language, English Literature, Environmental Science, French, Human Geography, Latin, Physics C, Psychology, Spanish, Statistics, and World History. We collaborate with St. Petersburg College and Pinellas Technical College so that our students may earn college and/or career credit, as well as, high school credit through our partnership with them.

#### **SCHEDULE**

Tarpon Springs High School follows a 7 credits a year schedule. The school year is organized into two semesters which are 18 weeks in length. Students must enroll in a minimum for seven (7) credits during a school year. This provides the student the opportunity to earn 28 credits in their high school career. The number of credits required to graduate is 24.

Registration occurs during early spring each year. At that time, students are asked to carefully choose courses for the upcoming school year. The selection of courses determines the actual number of offerings for each specific course.

We encourage our students to set and meet goals: challenging themselves to be the very best that they can be. Through consistency in task completion, we believe all students can exceed graduation requirements and earn a high school diploma.

## **GRADUATION REQUIREMENTS**

The minimum number of credits required for graduation from Pinellas County School District is twenty-four (24). Students must achieve a cumulative grade point average of 2.0 or above on a 4.0 scale to be eligible for a diploma. All graduating students must successfully complete the requirements of the Statewide Assessment Program. Students have to pass each assessment as defined by the State of Florida. Those students who have completed all Pinellas County graduation requirements, but who have not achieved the appropriate cumulative grade point average or have not met the requirements of the Statewide Assessment Program, may receive a <u>Certificate of Completion</u> instead of a standard diploma. Students may graduate with a 18 credit option. Students should check with their Guidance Counselor to learn more.

Refer to the charts on the pages that follow for more detailed information regarding graduation requirements.

Subject Area	Subject Area         24-Credit Program         Graduation Requirements		Three-Year, 18-Credit Career Prepar- atory Program	
English	4 credits with major concentra- tion in composition, reading for information, and literature	4 credits with major concentration in composition and literature	4 credits with major concentration in composition and literature	
Mathematics	4 credits, one of which must be Algebra 1 or its equivalent, one of which must be Geometry or its equivalent, and one of which must be Algebra 2 or a series of courses equivalent to Algebra 2	4 credits, one of which must be Algebra 1 or its equivalent, or a higher- level mathematics course from the list of courses that qualify for state univer- sity system (SUS) admission, one of which must be Geometry or its equiv- alent, and one of which must be Alge- bra 2 or a series of courses equivalent to Algebra 2	4 credits, one of which must be Algebra 1 or its equivalent, one of which must be Geometry or its equivalent, and one of which must be Algebra 2 or a series of courses equivalent to Algebra 2

#### **STUDENTS ENTERING GRADE NINE IN 2020-21 SCHOOL YR**

Special Notes

All courses earned toward the three-year, 18-credit college preparatory program must satisfy admission requirements for the State University System. To determine which courses meet State University System admission requirements, please use the Comprehensive Course Table. At least 6 of the 18 credits must be completed in courses that include dual enrollment, AP, IB, AICE, or are specifically listed as rigorous by the Florida Department of Education. At least one course within the 24-credit program must be completed through online learning.

## **Graduation Requirements 18 Credit College Preparatory Diploma**

Total Credits	18 credits At least 6 of the 18 credits required for this program must be earned in classes that are <u>Honors, Advanced Placement,</u> <u>IB, or Dual Enrollment</u>	<b>3 year time limit-</b> A student who does not meet all requirements for the College Preparatory Diploma by the end of the third year in high school automatically reverts to a <u>four-year graduation program</u> option.	
Credits in grades 9 and 10	A student who does not earn at least 5 credits by the end of grade 9 or 11 cred- its by the end of grade 10 <u>will be reas-</u> <u>signed</u> to the four-year graduation pro- gram option.		
English	4 credits	Courses must include a major concentra- tion in composition and literature.	
Mathematics	3 credits	The three credits must be at Algebra I level or above from list of courses that qualify for state university admission.	
Science	3 credits	The 3 credits must be in a natural science ( and two must have laboratory component).	
Social Studies	3 credits	World History (1 credit); American History (1 credit); Economics (1/2 cred- it); American Government (1/2 credit)	
World Language	2 credits	2 credits in the same second language or demonstrated competency in a language other than English	
Electives	3 credits		
Grade Point Average	3.50 for credits earned in the program	Students must earn at least a "B" (3 points) in an <u>unweighted</u> class and a "C" (3 points) in a <u>weighted</u> class to re- ceive course credit in the College Prepa- ratory Program. In addition, a cumulative weighted GPA of 3.5 on a 4.0 scale must be earned in the program.	
State Assessment	Passing score on FCAT Reading and FCAT Math	A student who does not score at level 3 or higher on the grade 10 FCAT Reading and Math assessment will be reassigned to the four-year graduation program op- tion.	

## **Graduation Requirements 18 Credit Diploma**

Total Credits	18 credits	<b>3 year time limit-</b> A student who does not meet all requirements for the Career Preparatory Diploma by the end of the third year in high school <i>automatically reverts</i> to a four-year graduation program option.
Credits in grades 9 and 10		A student who does not earn at least 5 credits by the end of grade 9 or 11 credits by the end of grade 10 will be reassigned to the four-year grad- uation program option.
English	4 credits	Courses must include a major concentration in composition and literature.
Mathematics	3 credits	One of the three credits must be in Algebra I.
Science	3 credits	The 3 credits must be in a natural science (and two must have laboratory component).
Social Stud- ies	3 credits	World History (1 credit); American History (1 credit); Economics (1/2 credit); American Government (1/2 credit)
Career Preparation	3 credits	This requirement may be met with 3 credits in a single vocational or career education program, or 3 credits in career and technical certificate dual enrollment, or 5 credits in vocational career technical courses.
Electives	2 credits	Two credits must be earned in electives unless 5 credits are earned in career preparation.
Grade Point Average	3.00 for credits earned in the program	Students must earn at least a weighted or unweighted "C" (at least 2 points) in a class to receive course credit in the Career Preparatory Program. In addition, a <u>cumulative</u> weighted GPA of 3.0 on a 4.0 scale must be earned in the pro- gram.

#### Florida Bright Futures Scholarship Program

Visit <u>http://www.pcsb.org/Finaid/brfutures.htm</u> or <u>www.firn.edu/doe/brfuture</u> for information regarding Bright Futures Scholarships. Visit the Guidance Student Services Office to pick up a brochure.

#### **Grading Scale**

Letter grade for each marking period are assigned as follow: A: 90-100 = 4.0 B:80-89 = 3.4 - 2.5 C:70-79 = 2.4 - 1.5 D:60-69 = 1.4 - .5 F:0-59 = .4

## **Quality Points(Q)**

Students entering 9th grade in the year 2014-15 will only receive half a quality point for honors classes. All Advanced Placement and Cambridge AICE classes receive the full quality point. Students in 10-12th grade still receive the full quality point for honors classes. **Weighted Grades** 

Grades assigned these point values are used for class ranking, summa cum laude, magna cum laude, cum laude status, the National Honor Society and other honors

<u>A B C D F</u> AP, DE, and AICE (Q) 5 4 3 1 0 Honors 4.5 3.5 2.5 1 0 Regular 4 3 2 1 .5 0

#### **Honor Status**

Students must earn the following cumulative weighted grade point averages (not rounded) to qualify for honors status. High school seniors who become eligible for an honors status during the second semester of their senior year will receive seals.

Summa cum laude GPA greater than 4.0

Magna cum laude GPA greater than 3.8 but less than or equal to 4.0

Cum laude GPA greater than or equal to 3.5 but less than or equal to 3.8

With Distinction GPA greater than or equal to 3.25 but less than 3.5

#### <u>Class rank</u>

Class rank will be computed based on all courses taken for high school credit through the first semester of the 12th grade year. Transcript rankings are estimates. The Assistant Principal for Curriculum will determine final official rankings senior year before Spring Break, at which time Valedictorian and Salutatorian will be announced.

## EXAM AND FINAL GRADES

Tarpon Springs High School will follow exam and final grade policy as set by Pinellas County Schools. Students who have a course grade of "A" or "B" are not required to take the exam except as may otherwise be provided herein. Students not required to take the exam must maintain the required grade through the remainder of the term. A student enrolled in the same course during two terms of the same school year is required to take at least one final exam in that course.

Second semester seniors are not required to take final exams in any course in which the student earned a provisional "A" or "B". Exams are required in courses in which the student earned a provisional "C", "D", or "F" grade.

Any student who has been <u>enrolled in a Pinellas County public high school</u> for less than the entire term is required to take all exams.

Students <u>qualifying for early exams must meet the district's minimum attendance policy</u> <u>including the days of absence</u> that occur at the end of the term.

## FAILED CLASSES

Students who fail academic classes during the school year <u>can retake the class in the following</u> <u>school year</u>, at night school (if the <u>student is 16</u> years old and the class is available), in the <u>Ex-tended Learning Program</u>, through Florida Virtual School, or through an accredited, <u>pre-approved</u> correspondence school. Students must earn a C or better in the repeated course to forgive the prior grade.

## **VOCATIONAL OPPORTUNITIES**

#### Pinellas Technical College- Clearwater Campus

Students at Tarpon Springs High School may take classes at Pinellas Technical CollegePTC) Clearwater Campus. PTC has many vocational and technical classes during the day providing knowledge and skills for future careers and employment. Any of these classes meet the elective or practical arts graduation requirements. Transportation is provided. Before classes begin a student must be at least 16 years old, have a 2.0 or above, have a junior or senior classification, have a PTC interview and recommendation, and *have 1st and 2nd periods available for at the year*.

PTC offers courses such as Air Conditioning, Heating Mechanic, Diesel Service Technician, Automotive Service Technician, Drafting, Cabinet Making, Electrical Wiring, Commercial Art, Electronics, Cosmetology, Precision Machining, Culinary Arts (food preparation), and Weld-ing.

## TECH PREP

Pinellas County Schools offer a wide variety of technical programs on the high school level. In an agreement with SPC, students earning high school credits can also earn college credits in these programs. Early Childhood Education is such a program at Tarpon Springs High School. When visiting our Guidance Services Department, browse our Career Center for a free CD-ROM, Career Navigator. This CD ROM details all of the technical programs at PTEC and SPC. Contact out Tech Prep Coordinator for more information. Click here for more information: TECH PREP

## **DUAL ENROLLMENT**

The 2019-20 St. Petersburg College Dual Credit Course list is distributed in late spring after School Board approval. Dual enrollment credit courses provide standard diploma students with the opportunity to earn high school credit as well as college credit from St. Petersburg College (SPC). Course offerings at high schools will vary. College application fees and tuition are waived by the college and textbooks are paid for by the school district. In order to be eligible to take dual enrollment credit classes students must:

• be in 11th or 12th grade eligible (rising 10th graders must be academically advanced and in need of college level courses to meet specific high school graduation requirements);

- have a cumulative grade point average of 3.0 on a 4.0 scale;
- have earned an acceptable score on the CPT- College Placement Test

Students may enroll only in dual credit courses that are included in the Pinellas County Schools' Articulation Agreement with the college. SPC requires that <u>students take the final exam in all courses</u>. With permission from the high school principal or designee, students who meet the above eligibility requirements, may enroll in specified dual credit courses on the SPC campus as part of their regular high school schedule for <u>up to half of the school day</u>. Students must complete the application for Dual Campus and obtain approval of the high school principal or designee <u>prior</u> to enrolling in classes on the SPC campus. Students <u>MUST</u> provide their courselors with a <u>copy of their course assignment(s)</u> and <u>report card!</u>

## EARLY ADMISSION

A high school senior may enter St. Petersburg College, University of Florida, or University of South Florida Honors Programs <u>after the 11th grade</u> provided that certain requirements have been satisfied. College application fees and tuition are waived by the college. This program requires that the senior spend their senior year as a full-time College student, completing high school graduation requirements while working toward their AA degree. In order to be eligible for early admission to college students must:

• have completed three full years of high school with a minimum of <u>21</u> credits earned on a seven credit schedule;

- have a cumulative grade point average of 3.0 on a 4.0 scale;
- have met the minimum level of performance for high school graduation on the FSA;
- have earned an acceptable score on the College Placement Tests; (CPT)

• obtain the signature of the high school principal or designee on the Application for Early Admission to College; and meet the college application deadline.

#### TESTING IN HIGH SCHOOL

**AP-** Advanced Placement Test Students who are enrolled in Advanced Placement courses must take the Advanced Placement test. The student does not need to pass the test to receive high school credit. If a student scores a level 3 or higher they may receive college credit. A student not enrolled, may pay to take the AP exam.

**FSA-** Florida Language Arts test is designed to measure reading and writing by the Florida Sunshine State Standards. This test is given to all 9th and 10th graders. Students may sharpen their skills at www.fcatexplorer.com. FLAExplorer is a proactive and skills reinforcement tool, based on Florida's Sunshine State Standards. Public school students can use the FLA Explorer free of charge. So, log on and put the FLAExplorer to work for you.

**PERT-** College Placement Test State law mandates that state-supported college institutions test their students' entry-level skills. The test includes questions to evaluate your skills in writing, reading comprehension, basic arithmetic and elementary algebra. Additional college-level mathematics skills will be measured if appropriate. Click here for: CPT Test Descriptions

**SPC** provides a practice test at http://www.spcollege.edu/webcentral/admit/place1.htm to help you better understand the college placement test before you take it.

**ASVAB-** Armed Services Vocational Aptitude Battery The ASVAB is administered by the "Armed services in coordination with the Guidance Department. Minimum scores are required for entrance to various areas of the armed services. It is also a career exploration tool that can be utilized by students interested in attending a 2 year college, 4 year college or technical program.

#### **PSAT-** Preliminary Scholastic Aptitude Test

**NMSQT-** National Merit Scholarship Qualifying Test The PSAT is taken during the sophomore year. Then in October of the Junior year, any college bound students should retake the PSAT to be eligible for the National Merit Scholars Program scholarships and to practice for the SAT.

#### ACT-American College Test

#### SAT-Scholastic Aptitude Test SAT II Subject Area Test

College bound students may choose to take the ACT or SAT for practice during their freshman and sophomore years. College bound students should take the SAT and ACT for the first time no later than the spring of the Junior year (earlier if they have finished Algebra 2). It is offered seven times a year, and may be taken repetitively. (College Entrance Examination Board) Students send and choose the date of the scores and the colleges of their choice @ www.collegeboard.com.

The SAT II's are subject area tests that selective colleges sometimes require. A student may elect to take an SAT II if he or she wishes to prove his expertise in a particular subject to his or her perspective college. Students may pick up SAT and ACT registration booklets from Guidance Services. They may also register online at www.collegeboard.com and www.act.org. <u>Exception</u>: Exceptional education students requesting extended time cannot register online. They should see their school counselor for more information before sending in the registration form.

Advanced Placement and ACIE Testing - End of the year course Exams for these subjects.

End of Course Exams are require for Algebra 1, Geometry, US History, and Biology.

## **CHORAL MUSIC OBJECTIVES**

The purpose of Tarpon Springs High School Choir courses are to develop basic musical knowledge through advanced teaching in vocal techniques, musicianship skills, music notation, and an overall respect and appreciation for music.

#### **Concert Choir**

Concert Choir is the large mixed choir at Tarpon Springs High School. This choir is open to all who have a desire to sing and want to work to become good musicians. This class requires a one hour after school rehearsal per week.

Concert Choir concentrates on standard choral literature with an occasional venture into popular styles of music. The Concert Choir performs annually with Walt Disney World Orchestra at Epcot Center's Candlelight processional, as well as at District and State Music Performances.

#### Women's Choir

The Women's Choir is a combination of all of the women from both ensembles and the Concert Choir. This choir sings three and four-part treble choral literature. The Women's Choir performs at District and State Music Performances.

#### Varsity Choir

The Varsity Choir is a small mixed choir consisting of the members of Syndicated Sound and Sophisticated Ladies. This acapella choir performs college level choral music. The Varsity Choir rehearses as part of the ensemble classes as well as once a week after school. This choir performs annually at District and State Music Performances.

#### Sophisticated Ladies

Sophisticated Ladies is the young women's show choir at Tarpon Springs High School. Auditions for this group are held at the end of each school year. This ensemble studies popular and jazz styles of music. Choreography and solo work are also substantial parts of this course. Sophisticated Ladies participates in District and State Music Performance Assessments as well as in state and out including Branson, Missouri and Gatlinburg, Tennessee.

#### Syndicated Sound

Syndicated Sound is the coed show choir from Tarpon Springs High School. This ensemble consists of both singers and instrumentalists. This ensemble studies popular and jazz styles of music. Choreography and solo work are also substantial parts of this course. Syndicated Sound has received superior ratings at District and State Music Performance Assessments, and has also competed in and out of the state of Florida. In the past five years, Syndicated Sound has represented the state of Florida three times at National Show Choir Cup in Branson, Missouri.

#### **CONCERT CHORUS 4 YEAR TRACK**

Concert Chorus requires attendance at after school rehearsal once per week and a small monetary commitment with available scholarships.

Year		
1	Chorus 1	Chorus II
2	Chorus III	Chorus IV
3	Chorus V	Chorus VI
4	Chorus VII & VIII	Chorus VII & VIII

#### SYNDICATED SOUND AND SOPHISTICATED LADIES ENSEMBLE 4 YEAR TRACK

All members of the vocal ensembles are also required to attend after school rehearsals for Concert Choir and Varsity Choir once a week. There is a monetary requirement for all members with any necessary scholarship

Year			
1	Vocal Ensemble 1	Vocal Techniques I	
2	Vocal Ensemble II	Vocal Techniques II	
3	Vocal Ensemble III	Vocal Techniques III	
4	Vocal Techniques IV	Q* Vocal Techniques IV	

## **PHYSICAL EDUCATION**

Students entering 9th grade in 2007-2008 and after are required to complete a one-credit course called HOPE, Health opportunity through physical Education. (NOTE: The marching band waiver will not apply to this PE requirement. Students may obtain an athletic waiver or JROTC waiver by meeting specific criteria shown in Board Policy 5.13)

Individual & Dual Sports I through III Grade Level: 9-12 1 semester - 1/2 credit Prerequisite: Must be taken sequentially	Basketball 1 and 2 Grade Level: 10-12 1 semester - 1/2 credit
Health Opportunities through Physical Education (HOPE) Grade Level: 10 1 year - 1 credit Required for students	Volleyball I through III Grade Level: 9-12 1 semester—1/2 credit
Weight Training I through III Power Weight Training Grade Level: 9-12 1 semester—1/2 credit	Team Sports I through II Grade Level: 9-12 1 semester—1/2 credit

#### **SERVICE LEARNING/EXPERIENTIAL EDUCATION**

75 hours of documented service are required to qualify for the Bright Futures Scholarship Program. Either of the service learning courses that follow may be used to meet this Florida Academic Scholars requirement. Contact the office of Financial Aid/Admissions for more information. In addition to the high school courses listed below, students participating in EIP are enrolled in the dual enrollment program. See the Dual Enrollment section for complete descriptions of the dual enrollment courses used for EIP. The course names are Career and Life Planning, Leadership Development Seminar, College Success Skills, Student Leadership Development, Self Awareness and Stress Management. For information concerning registration of students in the Executive Internship Program, please contact the Guidance Counselors' Program Coordinator.

#### EXECUTIVE INTERNSHIP PROGRAM (EIP)

This program is available by application to capable summer-rising junior and senior high school students. Program coordinators will arrange for selected students to spend a semester working with a professional in their chosen career field. No pay is received, but high school and college dual enrollment elective credits are earned. Executive Internship I-IV Grade Level: 12 1 semester - 1/2 credit Prerequisite Application 3.0 GPA Courses must be taken sequentially.

Biology Honors	Chemistry Honors	AP Science Equally Rigorous Science	AP Science Elective Science

Note: According to SB4 students entering 9<sup>th</sup> grade in 2013-2014 will be required to take Biology, Chemistry or Physics or equally rigorous Science course recommendations.

#### WHAT IS AVID?

The AVID program is an honors program for high school students planning to apply to four-year colleges and universities. The program is selective and voluntary which means that students must apply and be selected to partici-pate in the AVID elective course and program. In the AVID elective course, students study writing, inquiry, collaboration, reading, note-taking and study skills, as well as participate in college/career/motivational activities. In addition to the AVID elective teacher, AVID tutors are college students who visit the AVID classes to support learning by challenging students to under-stand coursework more deeply. AVID elective teachers monitor and support progress in all courses to prepare students for acceptance into the college or university of their choice. In addition to progress reports, subject area teachers fill out reports for monitoring student progress.

#### WHAT IS REQUIRED OF AN AVID STUDENT?

AVID students are expected to maintain good behavior, good attendance, and a GPA of 2.5 to 3.5. All AVID students must enroll in at least one honors course in addition to the AVID elective. Each AVID student carries a binder in which he or she is required to keep materials from all academic classes. Students keep track of assignments on assignment sheets and are required to take daily notes in all academic classes. AVID elective teachers and tutors grade the note-books weekly for content and organization. Students participate in biweekly tutorials led by AVID Coaches and trained college students. In addition, students must commit to taking notes in subject-area classes on a daily basis and completing all homework assignments.

#### HOW CAN A CHILD BECOME AN AVID STUDENT?

AVID applications are available in all middle and high schools. For more information about the application process for incoming ninth graders, please contact your Guidance Counselor at 727 943-4900. Or the AVID Co-Coordinators Elaine Navas (<u>navase@pcsb.org</u>) or Amy Preston (<u>prestona@pacb.org</u>)

For more information about this international honors program, you can visit AVID www.avid.org

# TSHS Cambridge (AICE) 2021-2022 Program

UNIVERSITY of CAMBRIDGE International Examinations

Cambridge-AICE (Advanced International Certificate of Education) is an international diploma that students can earn by taking an advanced academic curriculum. The assessment program is written and administered by a non-profit department (CIE) of the University of Cambridge in England. AICE program courses and examinations are offered in schools worldwide that have been registered as CIE Centers.

AICE not only prepares students to receive acceptance into a university with 15-30 hours of college credit, but also provides students with the skills required to be successful matriculating to the college environment.

## Grading and Award of the Diploma

For AS/A examinations, candidates are graded on an alphabetical scale, a/A to e/E, with grade a/ A indicating a top level of performance and grade e/E indicating a minimum passing grade. A level counts as two credits towards the diploma. The results for examinations are sent to schools, in the form of a Statement of Results, in the middle of August for candidates who have taken the examinations in June. The results for the November examinations are sent to schools in late January. Certificates for successful candidates are normally sent to schools after the end of the results enquiry period.

The AICE Diploma requires the study of subjects drawn from four curriculum areas. These four broad areas are:

- Mathematics and Science (Group 1)
- Languages (Group 2)
- Arts and Humanities (Group 3)

Global Perspective, General Paper, and Thinking Skills (Group 4)

To obtain an AICE Diploma, candidates will be required:

- To be entered for it,
- To obtain at least seven credits, and

To obtain at least one credit in each of the four curriculum groups.

## Admissions

Students must submit an application to the AICE office to be reviewed.

The criteria reviewed includes:

- Grades (minimum 3.0 GPA on core academic subjects)
- FLA-New Florida Language Arts Exam: Score of 4-5.
- Algebra 1 EOC Score of 3-5 and at least 1 yr of World Language

Conduct Records

Attendance Records

## **AICE Benefits**

• AICE courses and examinations are equivalent to first year college and university courses (See Course Equivalents for more detail).

• Students who pass the battery of six examinations may be awarded the AICE Diploma directly by the University of Cambridge. Students who do not earn the AICE Diploma may receive college credit through exams passed.

• AICE and Pre-AICE teachers at Tarpon Springs High School are trained directly by Cambridge. Each course strictly follows a course syllabus that is designed by Cambridge professors.

- AICE students are eligible for the Florida Bright Futures Scholarship
- Rigorous college preparatory

## **Academic and Behavior Expectations**

- Unweighted GPA of 2.5 or higher in all courses; no failing Cambridge grades
- Reasonable attendance; no referrals for skipping or tardies

Follow Pinellas County Code of Conduct: no behavior referrals

Failure to meet these expectations will result in probation from the Cambridge program and possible review for dismissal from the program.

## **Frequently Asked Questions**

## What characteristics are apparent in an AICE Student?

- Self-motivated
- Self-disciplined
- Excellent expressive writer
- Good time manager
- Organized
- Possesses leadership qualities
- Passionate about learning

## Do students have to earn the full AICE Diploma in order to earn college credits?

No. Students receive General Certificate of Education (GCE) subject certificates for AS and A Level examinations passed. Colleges award credit on a subject-by-subject basis, according to grades earned on individual examiniations passed.

## How do AICE examination grades compare with the US grading scale?

Passing grades available on AICE exams range from A to E with A being the highest.Performance of students below the threshold of a CIE grade of E receives a grade of U, ungraded, which is not considered as passing. A DOE AICE program study found that a CIE grade of E most closely correlated with an Advanced Placement exam grade of 3 and a US grade of C.

## Do many colleges and universities award credit for examinations passed?

Yes. CIE publishes a list on their website of US universities that have provided written statements of their AICE recognition policy (which includes AS and A Levels). All public universities and community colleges in Florida award up to 30 hours of college credit for AICE exams passed.

In addition, the Florida DOE recognizes the AICE program as an official acceleration mechanism and is included in the Bright Futures Scholarship Program as an additional means to earn scholarship monies. Students who earn the AICE Diploma and have 75 community service hours are given the 100% Academic Scholars Award. Students who complete the diploma program, but do not earn the scholarship can still earn the 100% scholarship with appropriate SAT and ACT test scores. The 75%, Medallion Scholars Award is available to AICE Program completers as well as for students who do not meet the high level SAT and ACT score requirements. For more information, please visit the Florida Bright Futures Homepage.

## The Cambridge AICE Diploma is evolving

The Cambridge AICE Diploma is a group award that recognizes the achievements of students who have experienced the balanced and stimulating curriculum of <u>Cambridge International Advanced Subsidiary</u> <u>Level (AS Level) and Advanced Level (A Level)</u>. The diploma program was launched in Florida, USA in 1997, where it continues to receive strong legislative support and funding. Now, used by schools around the world, the Cambridge AICE Diploma is evolving to make sure it continues to prepare students for success at college and beyond.

#### Preparing students for college success

Alongside in-depth understanding of their subjects, students also need to master a broader range of skills critical for success in university study and employment. The Cambridge AICE Diploma is changing to place more emphasis on essential skills such as the ability to:

- think critically
- carry out independent research
- evaluate arguments
- · communicate clear and well-reasoned arguments
- understand global issues from multiple perspectives.

This evolution will help higher education institutions identify students with the type of cohesive academic experience and higher-order thinking and communication skills that are associated with distinguished achievement at university.

#### Thinking critically, independently and globally at the core of the diploma

To achieve the diploma all learners will need to study and pass the Cambridge International AS Level Global Perspectives curriculum. This skills-based course challenges learners to think critically, analyze evidence and compare perspectives. The curriculum is assessed through a range of options, including a written examination, team project and presentation.

The course is built around an innovative teaching and learning process called the Cambridge critical path. This supports learners to think critically and objectively, leading to a deeper understanding of their chosen topic. Cambridge International AS Level Global Perspectives is available for first teaching from August 2014.

#### A rigorous and stimulating program that ensures breadth and depth

The Cambridge AICE Diploma is designed to deliver breadth across the curriculum and depth in selected subjects. Learners have to achieve a minimum of seven credits from at least three subject groupings and the core (Cambridge International AS Level Global Perspectives) to be awarded the diploma. Within the diploma a Cambridge International AS Level examination passing score is awarded one credit and a Cambridge International A Level examination passing score is awarded two credits.

Note: AS Level qualifications are worth one diploma credit. A Level qualifications are worth two diploma credits.

#### The benefits of the Cambridge AICE Diploma

For students:

- Provides experiences recommended and valued by higher education institutions.
- Develops in-depth understanding of subject matter alongside skills critical to success such as the ability to:
  - o understand an issue from multiple perspectives
  - evaluate the strength of different arguments
  - o work in collaboration with others
  - o think independently, critically, creatively and reflectively.
- The chance to stand out from the crowd with a diploma compromised of qualifications valued by leading universities around the world.

#### For schools:

- Offers a curriculum and assessment program that ensures depth and breadth.
- The opportunity to take a fresh approach to teaching using skills to deepen students' understanding of content
- A rigorous program to challenge, stimulate and engage learners.

#### For school administrators:

- Demonstrates an outstanding commitment to preparing students for success at university and beyond.
- Provides access to forward-thinking and innovative approaches to cultivating higher-order skills.
- The opportunity to work with Cambridge International Examinations, a world leader in assessment and a department of the University of Cambridge, committed to developing learners who are confident, responsible, reflective, innovative and engaged.

#### For higher education:

- A curriculum and assessment program that develops learners poised to distinguish themselves at university.
- A diploma to help identify the students prepared with the skills and research experience sought out by higher education faculty.

#### Support from Higher Education

#### From Duke University

"Duke University welcomes students who have taken the new curriculum from Cambridge, 'Cambridge Global Perspectives'. Cambridge Global Perspectives puts an emphasis on a number of the skills that students need in order to be successful in their university education. We particularly value the independence of thought, critical thinking and research and inquiry skills that Global Perspectives develops."

Massachusetts Institute of Technology (MIT) praises the educational values of Global Perspectives, saying that its values are similar to those of MIT, which are:

- Deep understanding with depth and rigour
- Problem solving, critical thinking, creativity, team work, independent learning and effective communication
- · Promoting an international outlook and cross-cultural awareness.

## **College Preparation & Exploration**

• AVID (Application required)

## **College Level Courses**

# Note: Students taking dual enrollment are limited to 6 college classes per semester.

- Dual Enrollment-TSHS: SLS 1101 (<sup>1</sup>/<sub>2</sub> credit)
- Dual Enrollment-TSHS Liberal Arts Math 1 and 2 MGF 1106/1107
- Dual Enrollment-TSHS Geology GLY 2010/L (½ credit)
- Dual Enrollment-SPC
- AP Psychology
- AP Computer Science Principles
- AP Capstone Seminar (10-11<sup>th</sup> grade only)
- AP Capstone Research (must complete Seminar first)

## Performing/Fine Art

- 3D Art 1-2, Portfolio Dev Honors Art 3
- 2D Art 1-2, Portfolio Dev Honors Art 3
- Creative Photo 1-3 (2D or 3D Art Pre Req)
- AP Art 2D, 3D, or History
- Musical Theatre 1-4
- Guitar 1-4
- Chorus 1-4, Orchestra 1-4 A/B

## World Language

- Spanish Language 1-3 or AP Spanish Lang
- AP Spanish Heritage/Literature
- Greek 1-4

## **Other Courses:**

• Drivers Education-semester (½ credit)

## **Business/Practical Arts** \*DIT is a prerequisite

- Digital Informational Technology
- \*Foundations of Programming 1,2,3
- \*Digital Design 1-3
- \*Business Software 1-2
- \*Business and Entrepreneurial Principals
- \*Legal Aspects of Business (Business and Entrepreneurial)
- Journalism TV or YB 1-4 Admin Approval
- Hospitality & Tourism (start in grade 9)
- Workplace Essentials TA (0.5 credit)
- Practical Arts TA (1.0 credit)
- Early Childhood Education 1-4

## **Physical Education**

- Basketball 1-2
- Team Sports 1-2
- Individual Sports 1-2
- Volleyball 1-3
- Weight Training 1-3, Power WT
- Dance Tech Step/Team 1-4 Non-Magnet

## YOUR PATH TO AN A.A. DEGREE AT TARPON SPRINGS HIGH SCHOOL

General requirements (this page) total 36 credits. With a total of 60 credits needed for an A.A. degree, students must complete an additional 24 credits in elective coursework.

ADDITIONAL REQUIREMENTS FOR AN A.A. DEGREE			
Dual Enrollment Eligibility	Students must meet minimum test score requirements and maintain an unweighted GPA of at least 3.0 and a college GPA of at least 2.0 to participate in dual enrollment. The Approved Course Matrix (link on the PCSB Adv. Studies webpage) includes pre-requisite courses and minimum test scores.		
General Education A.A. Requirements	The list of courses on the reverse side of this document is not the complete list of options for A.A. degree courses, but is the list of the options available at the high school plus the most frequently enrolled options at the college. For a complete list of options, review the Approved Course Matrix on the PCSB Advanced Studies webpage.		
Pre-requisites for Bachelor's Programs	Students who have decided on the Bachelor's Degree they wish to pursue should select speech, mathematics, natural sciences, and elective courses that meet the prerequisites required for entry into their degree program.		
College Level Courses Limitations	Pinellas County students taking dual enrollment classes are limited to a maximum of 6 college level classes per semester. This includes dual enrollment, AP, AICE and/or IB combined.		
General graduation requirements	60 credit hours, 2.0 cumulative college GPA, 15+ credits completed through Dual Enrollment coursework		
Computer Literacy Requirement	Can be met in three ways: (1) opt out test (\$27 fee), (2) articulated credit from high school courses resulting in industry certification, or (3) taking one of the following courses - CGS 1070, CGS 1100, CGS 1309, EME 2040)		
World Language Requirement	Can be met in three ways: (1) completing 2 consecutive years of the same language in high school (2) taking a language proficiency test, or (3) earn credit in 2 college semesters of the same language
