IB Philosophy Regarding Physical Education (PE) – Families are strongly encouraged to support enrollment in PE to promote the value of being physically active and developing healthy life choices.

PE Waiver - We would like to have one on file in case the schedule does not include PE. Students are required to take at least one semester of PE each year. A completed waiver must be on file or a schedule change from your previously requested electives may occur to include PE.

PE Waiver Statement: Senate Bill 610 requires the equivalent of one class period per day of physical education for one semester of each year for students in grades 6 – 8. The physical education requirement shall be waived for a student who meets one of the following criteria: a) The student is enrolled or required to enroll in a remedial course; b) the parent requests that the student enroll in another course from among those offered as options by the school district; or c) the student is participating in physical activities outside the school day, which are equal to or in excess of the mandated requirement.

After reading the PE Waiver statement, I believe my child meets one of the listed criteria for an exemption and request a course other than PE.
