# TIPS & TRICKS FOR DIGITAL LEARNING AT HOME
LEARNING ENVIRONMENT

Designate a specific area of your home to be the "classroom." Make sure it is an area that is comfortable and well lit. Try to reduce the amount of distractions in this area as well.

STAY ORGANIZED

- Ensure all resources and materials are in one location
- Have paper and something to write with by your device to be able to take notes, if needed
- Keep a list of websites, usernames and passwords/codes close to your device for easy access and quick logins
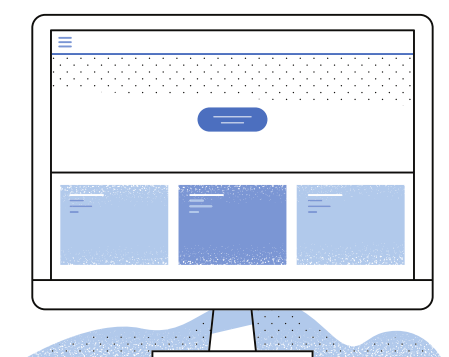

SET A ROUTINE

Students perform best when they know what to expect

- Try to have a basic, non-rigid routine in place
- Use a calendar to mark due dates for assignments and meetings on

LOG ON TO TEAMS DAILY

- Please ensure that your child(ren) are logging into TEAMS daily
- Students will need to complete the attendance/daily check-in task, DAILY, to ensure that they are "present" for that day, for attendance purposes
BE PATIENT

Remember that technology will not work all of the time - sometimes your child(ren) may have to leave an assignment and come back to it later due to technology

CLASSES

- Don't forget to log into P.E., Art & Music classes weekly
- Students should still get physical activity daily
- The digital learning "school day" may look different than a typical 8:45 am - 2:55 pm school day and that is fine!

REMEMBER WE ARE LIVING ONE DAY AT A TIME IN A NEW ADVENTURE. ALLOW YOUR CHILD(REN) TO JOURNAL ABOUT THEIR EXPERIENCE. WE ARE ALL GOING TO BE A PART OF HISTORY AND WHAT BETTER WAY THAN TO ALLOW THEM TO WRITE, DRAW PICTURES, CUT OUT/PRINT ARTICLES AND SAVE THEM TO LOOK BACK AT IN YEARS TO COME!

WE ARE IN THIS TOGETHER!
