Annual ESE Parent Survey is underway

Feb. 1, 2021

It is time for the Florida Department of Education's Exceptional Student Education Parent Survey. Each year, the department surveys parents of students with an individual education plan (IEP) who receive special education services to determine how well schools are promoting their involvement in their children's education.

If your child receives special education services, make your voice heard. [Take the ESE Parent Survey](#). Feedback helps the state and the school district improve educational services for children with special needs and their families.

The survey is confidential, but Pinellas County Schools receives overall results and improves ESE services based on parent feedback. As a result, the

district created a helpline to assist families with navigating special education services and implemented options to make ESE Advisory Committee Meetings accessible to families throughout the county.

Parents can take the ESE Parent Survey at www.esesurvey.com or complete a paper survey distributed by their child's school. The survey closes May 31. If you have questions or need a paper survey, contact Tracy McMannus at 727-588-6062 or MCMANNUST@pcsb.org.

2021 Advanced Placement (AP) Exams-Updated

General Information

In May, students will be given the opportunity to take AP exams for the course they are registered to take. These exams provide students with a worldwide standardized measure of what they have accomplished in the AP classroom or as a self-study. Taking an AP exam allows students an opportunity to experience a college level exam while still in high school. Scoring well may provide students with college credit which opens more options in college, such as upper level courses, double majors, or time for study abroad. Students not taking their AP exam shall receive a grade of F as the final exam grade for the semester. Students arriving after the exam starts will not be permitted to test.
