ABOUT US

At John Hopkins Middle, we strive to prepare each and every student to be knowledgeable, open-minded critical thinkers that have a mutual respect for all cultures. We envision one-hundred percent student success by modeling our Trojan PRIDE expectations. With three unique magnet programs, a variety of extracurricular activities and much more, we aim to give your student the full middle school experience!

ORIENTATION INFO

Our orientation will be held virtually this year via Microsoft Teams to ensure the safety of all of our participants. However we still strive to provide you with the best introduction to middle school and showcase all that John Hopkins Middle has to offer! You will experience an in-depth video and will have the opportunity to participate in a live Q&A session with some of our staff.
