## Students Targeted for Educational Performance

### What is S.T.E.P.

This program is comprised of minority students who, in addition to their parents and coordinator are committed to academic excellence. S.T.E.P. provides a supportive structure for potentially high performing students so that they can take high level classes, become informed about career choices, college selections, scholarships, and take part in all phases of school life.

### S.T.E.P. Sponsored Activities

- Harvest Dance
- Field trips
- Soul Food Luncheon
- Women in History Tea Party
- Spring Banquet
- Community Service

### Harvest Dance

Every October, S.T.E.P. kicks off the year with a Fall Dance. The Dance is the program's only fundraiser and allows for the sponsorship of all S.T.E.P. activities. Students can enjoy delicious refreshments while dancing to the latest top 40 songs. A professional DJ engages students in dance competitions and games. Held in the gymnasium and cafeteria, the dance proves to be the highlight of the fall at CFMS.

### Field Trips

Designed to offer students experience in a wide variety of educational and career oriented activities, field trips are among S.T.E.P.'s most highly anticipated programs. Students have visited the Criminal Courts Complex, Mahaffey Theatre, local businesses and elementary schools.

### Soul Food Luncheon

*The Soul Food Luncheon provides an opportunity for S.T.E.P. students to show their appreciation to their teachers. Parents and students work to serve the faculty delicious soul food while fostering positive interactions.*
