

# STEPS TO SUCCESS

## PLAN YOUR PROGRESS WITH NAVIANCE

Discover personal interests and strengths, research career and college opportunities, and connect your student's learning to academic goal setting and planning through Naviance.

### GOALS BY GRADE

Throughout your student's Pinellas journey, they will be assigned grade-level specific tasks within Naviance that will build upon one another, ultimately preparing them for a variety of post-secondary options.

### TRACKABLE PROGRESS

As your student progresses from year-to-year, they will be reviewing and updating their Course Plan to stay on track, adapt to new opportunities or interests and continue to prepare for high school and beyond.

### CUSTOMIZABLE TOOLS

The Course Plan allows your student to map out potential courses through graduation. Add in District Application Programs (DAP), IB or AICE programs to see how different opportunities can shape your student's pathway to the future!

## ACCESS NAVIANCE FOR FREE!

Pinellas County Schools students can access Naviance at no cost. Just log in to your student Clever account and select the Naviance Icon to get started.
