

Become a Business Partner or Partner in Education at Countryside High School
You Ask How and Why?

We welcome our community to assist with volunteering by supporting our office staff, mentoring, tutoring our students, by providing critical needs of the school and students. Become a speaker for our special events, donate materials, school supplies or equipment, provide academic recognition incentives, sponsor school clubs or events, judge school events, provide technical assistance, provide tours of your facilities, sponsor field trips, allow for job shadowing or internships for our students, display our student art work at your facility, allow our music and theatre departments to entertain an event.

To become a partner, please reach out to our family and community liaison, email muscaroe@pcsb.org
Come help us make important things happen!!!
