

# PRINCIPAL'S MULTICULTURAL *Advisory Committee*

## Group Roles

Lean into your strengths and interests! Read the descriptions below and think about how you can best contribute to the committee. Remember, each of these cannot stand on their own. They have to work collaboratively to accomplish committee goals.

Communications & Marketing	<b>The promoters and influencers!</b> This group takes the products or deliverables of the Development group and advertises it through written and verbal communication. They spread the message through graphics and different forms of media to raise awareness and participation.
Innovation	<b>The idea generators!</b> This group surveys the climate and culture of the study body and researches ideas for multicultural topics/holidays/observances/events etc. as well as how to then spread awareness and engage the school community.
Development	<b>The developers and inventors!</b> This group takes the ideas generated by the Innovation group and designs and creates the products or deliverables involved.
Partnership & Collaboration	<b>The coaches and team builders!</b> This group builds partnerships with school administration and staff and keeps them updated on the work of the committee. Seeks partnerships with other student groups in school and reaches out to appropriate outside organizations for support and involvement.
Managers	<b>The project managers and record keepers!</b> This group creates a structure for keeping track of committee minutes, takes meeting minutes, keeps all group roles accountable to accomplishing goals, provides action steps for implementation, and follows-up with who is accountable.
