### How can I access Canvas to see what my child is working on?

Parents/Guardians can be given observer rights in Canvas so they can see what their child is working on. If you are a parent/guardian of a student at the school, you will need to reach out to their teacher for help in setting up the observer account and link it to their own student account. Visit the [Parent/Family Canvas Login](#) course.

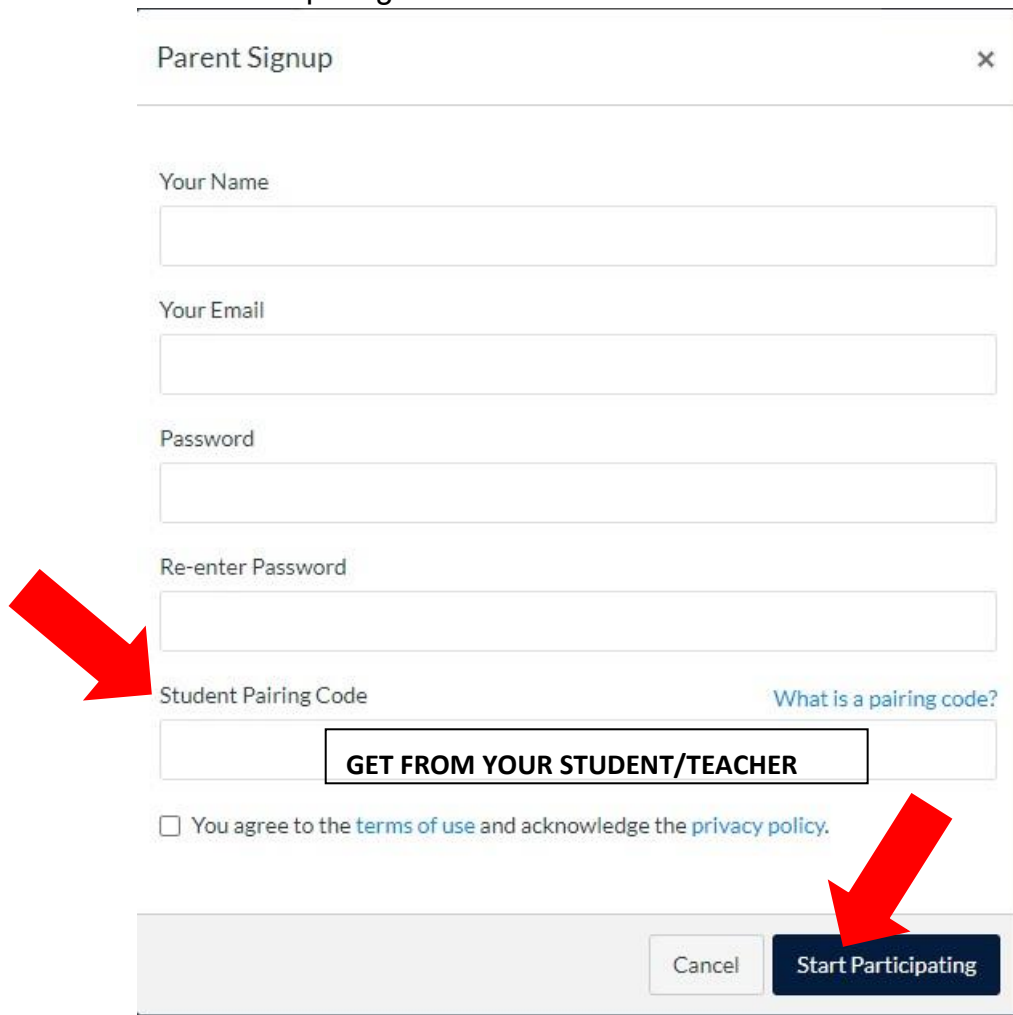

- Select “Click Here for an Account”
