January 7th, 2025
<https://reservation.pcsb.org/>

Need More Info:

Mrs. Carroll
carrollsu@pcsb.org

Who chooses ExCEL?

- Students with a 2.5 or higher GPA
- Students that attend school regularly, actively participate, and want to advance their academics
- Students who are interested in college/career readiness and leadership curriculum
- Students who are academically focused, taking their studies seriously
- Students that want to lead their own path after high school
- Students that are looking for something more out of their high school experience

Why choose ExCEL?

- To ensure you leave high school with a clear idea of your plan AND your path.
- To gain the skills needed to succeed post high school.
- To earn acceleration leading to college credit (courses in AP, AICE, PTEC, SPC) and/or industry certifications (i.e. automotive, welding, business)
- To have academic supports through AVID and leadership focused courses
- To participate in unique experiences related to career exploration and leadership skill development
- To engage in project-based learning opportunities to enhance skills with collaboration and teamwork.
