CURRICULUM

The Academy of E-Commerce is integrated with other core technology classes to explore varying aspects of business, and careers.

What is E-Commerce

E-commerce, or *Electronic Commerce*, is a type of business model that enables a corporation or individual to conduct business over the internet.

Extracurricular

The Academy of E-Commerce takes learning out of the classroom and into the real world. While on trips, you'll visit key technology companies, famous landmarks and technological attrations. Fundraising opportunities are made available throughout the year to provide students the chance to explore new and exciting cities.

The Academy of E-Commerce and the courses listed below lead to industry certifications and college credits.

Why should I join?
