# **EMPOWER INFORMED DECISION MAKING**

## All About the ASVAB Career **Exploration Program**

The Department of Defense sponsors the ASVAB CEP with a two-part mission: to provide a career exploration service to American youth and provide qualified leads to military recruiters. Participants have no obligation to talk to a military recruiter or enter military service, but students in 11th grade and beyond can use their scores to explore enlistment if they choose.

The ASVAB CEP promotes career literacy through exposure to career-field entry requirements and future-oriented planning tools to help students develop an action plan to share with parents and educators.

The ASVAB CEP is not all about the Military; it's about options. The ASVAB CEP offers an equally unique opportunity to those interested in pursuing post secondary education, work-based learning and the Military because the ASVAB assesses academic ability and predicts success in a variety of careers in addition to military occupations.

ASVAB CFP participants enjoy greater confidence in their career decisions.

### Take the ASVAB > Join a Post-Test Interpretation > Use the planning tools

Students gain access to career planning tools when they receive their ASVAB scores. Participating in the Post-Test Interpretation is the best way to make the most of the ASVAB CEP.

### No Cost. No Commitment.

#### **Guide Students Toward Career Satisfaction**
