Istation Installation for Windows

Use the following instructions to install Istation on computers that meet the Windows system requirements (to view the system requirements, visit http://www.istation.com/support/technicalinfo).

If there is a protection program on the computers, follow the protection program's instructions for disabling the program before installing Istation. To ensure program reliability, Istation writes encrypted data to the hard drive that must survive reboots. Programs that inhibit this operation, such as Deep Freeze or Clean Slate, must be configured to permit Istation to save data to its folder.

*For an msi file to batch install, please contact Istation Support Services.

NOTE: You must be logged in as an Administrator (with Administrator rights) to the computer(s) on which you are installing Istation.

- 1. Go to <u>www.istation.com</u>.
- 2. Click the **Support** drop-down menu.
- 3. Click **Download Istation**.

4. Click the **Download: Istation for Windows** button.

5. Click Run or Open.

6. Click **Install** to accept the Default directory.

7. Click **Next** to accept the Default installation.

📳 Install Type	
C Default Install	Default Install is the recommended install. It is appropriate for users that download the program from the internet.
C Advanced Install	Advanced Install is intended for administrators and support personnel.

- 8. The program should run automatically. If not, minimize the website and click on **The Imagination Station** icon to start.
- 9. Type your school domain in the **Default Domain** box, if it is not automatically supplied.

NOTE: Do not type in the **Peer Group** area.

10. Click **OK**. The application will automatically restart.

Configuration	
	Istation software needs to be configured to run on this computer. Please enter the Domain as assigned by Istation.
	If you need assistance, please contact Istation Technical Support at 866-883-7323 ext. 2 or via e-mail at support@istation.com
\backslash	Default Domain
	Domain: Peer Group (optional):
	enter domain provided by Istation
	Ok Cancel

11.If installing on multiple computers, leave the application running while you install other computers on the network by repeating the steps above. This will allow installations on other computers to skip step 9 and automatically configure the domain information.

Students, teachers, and administrators can now log in using this icon to access the student application. Remember, teachers and administrators will want to log in to the Istation website (<u>www.istation.com</u>) to manage any classes or data.

If you need help identifying the domain, contact Istation Support Services at 866-883-7323, ext. 2 from 7:30 a.m. to 6:30 p.m. (CT) Monday through Friday or email <u>support@istation.com</u>.
