FRENCH CAMP 2017!

Teachers: Madame Bogdani, Madame Delphonse, Madame Nouri

The Pinellas County Schools French Summer Immersion Program was successfully held this past June 5th – 9th at Largo High School. Students participated in various hands-on, culturally rich activities based on various regions of France.

What a fun week! Our Pinellas County French students engaged in friendly team challenges, fun arts and crafts, contemporary French songs, French cuisine and of course, cooking the French food of the day! Our outstanding teachers provided instructions entirely in French, in a comprehensible way for students. Students were totally “immersed” in this active communication environment and encouraged to communicate in French as well.

Stay tuned for our next French camp 2018. For more information about this summer program, please ask your French teacher!

So...what did the students think?

“The program reminded me why I ever took French in the first place. I love French and I loved this experience.”

“It was a very helpful experience and was very eye opening. I learned a lot and all the teachers present were very helpful in making the experience great.”

“C’est génial pour moi ! Merci beaucoup pour l’aide pour parler français.”

“I LOVED THE PROGRAM AND WOULD GO AGAIN IF I WAS TAKING FRENCH NEXT YEAR. 10/10 I WOULD RATE AGAIN.”

“The different activities flowed together well.”

“THE OPPORTUNITY TO COOK TOGETHER PROVIDED A GREAT TEAM BUILDING EXPERIENCE. THE READING WAS SIMPLE, BUT GOOD INDIVIDUAL PRACTICE ...”

“I LOVED IT! IT WAS INTENSIVE AND ENGAGING!”

And ...what did the teachers think?

“This was such a fun and enriching experience for our students! What a terrific opportunity for them to work together towards the same goal, help each other with the language and various cultural activities while having fun throughout this entire process and feeling more confident with the language. This is what this camp is all about!”
