

FOR IMMEDIATE RELEASE

Contact: Kathleen Lamb, Director, Cougar Career Center

Press Release written by: Julie Yaeger, PR Chair, Countryside Advisory Board

“Ask Why Your Career Starts Here... at the Cougar Career Center”

Clearwater, FL – It’s back to school time and the Countryside Cougar Career Center volunteers look forward to helping high school students with their career planning needs. Whether it is the first day of school or anytime during the school year, Center volunteers are there to help you find part-time employment, college scholarships and more. Visit the Career Center in G7A, so that you can be on track with the career you’d like to pursue, make a resume, find out about job leads and learn how to interview and get the job. We help you network with colleges or businesses by shadowing a class or connecting you with business professionals in a career field that interests you! Save the date of our Oct. 1st No. Pinellas County College & Career Fair event to be on campus at Countryside High from 6 to 8 pm for our 10th Annual event where you can talk to over 150 exhibitors to get free information from college administrators, vocational schools, major employers, military recruiters and more. Students, sign up now to volunteer as a student ambassador at the event for a jump start on your community service and career networking! For more details, visit the Career Center during your lunch hour & look for us at Orientation Night & Back to School events; or contact us at (727) 725-7956 x1359 or email pcs.lambk@pcsb.org
