WHO WE ARE:

Soccer Shots is a nationally recognized program that offers a high energy, fun, and age-appropriate introduction to the beautiful game of soccer. In addition to soccer, we work on improving children's gross motor skills and teaching important concepts such as teamwork, sharing and respect. Soccer Shots coaches are enthusiastic and passionate about working with children. Our goal is simple: to leave a lasting, positive impact on every child that we coach.

What we like best about Soccer Shots is that the instructors really care about their students. My children had a wonderful time partially because of the way the coaches interacted with them. We also like how soccer is made fun. **Important skills are learned in an age appropriate way.**

Well done!
