DESCRIPTION

Did you know 40% of children in grades 4-8 chatted with a stranger online? In this webinar, we will dig deep to learn what kids are doing online and the impact this has in their lives. We'll give you the knowledge you need to start talking internet safety with your children as well as tools you can implement at home to keep your children safe and secure online.

If you are unable to join us live, the session will be recorded. Look for this and past workshop recording links and information about upcoming sessions in this Power Hour series all at <u>www.pcsb.org/parentacademy.</u> For questions, email Sheila Kane at <u>kanes@pcsb.org</u>
