SIP Authority

Section 1001.42(18), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended, or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22 by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S.C. s. 6311(b)(2)(C)(v)(II); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, and as calculated under s. 1008.34(3)(b), who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate. Rule 6A-1.098813, Florida Administrative Code (F.A.C.), requires district school boards to approve a SIP for each Department of Juvenile Justice (DJJ) school in the district rated as Unsatisfactory.

Below are the criteria for identification of traditional public and public charter schools pursuant to the Every Student Succeeds Act (ESSA) State plan:

Additional Target Support and Improvement (ATSI)
A school not identified for CSI or TSI, but has one or more subgroups with a Federal Index below 41%.

Targeted Support and Improvement (TSI)
A school not identified as CSI that has at least one consistently underperforming subgroup with a Federal Index below 32% for three consecutive years.

Comprehensive Support and Improvement (CSI)
A school can be identified as CSI in any of the following four ways: 1. Have an overall Federal Index below 41%; 2. Have a graduation rate at or below 67%; 3. Have a school grade of D or F; or 4. Have a Federal Index below 41% in the same subgroup(s) for 6 consecutive years.

ESEA sections 1111(d) requires that each school identified for ATSI, TSI or CSI develop a support and improvement plan created in partnership with stakeholders (including principals and other school leaders, teachers and parent), is informed by all indicators in the State's accountability system, includes evidence-based interventions, is based on a school-level needs assessment, and identifies resource inequities to be addressed through implementation of the plan. The support and improvement plans for schools identified as TSI, ATSI and non-Title I CSI must be approved and monitored by the school district. The support and improvement plans for schools identified as Title I, CSI must be approved by the school district and

Department. The Department must monitor and periodically review implementation of each CSI plan after approval.

The Department's SIP template in the Florida Continuous Improvement Management System (CIMS), https://www.floridacims.org, meets all state and rule requirements for traditional public schools and incorporates all ESSA components for a support and improvement plan required for traditional public and public charter schools identified as CSI, TSI and ATSI, and eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Districts may allow schools that do not fit the aforementioned conditions to develop a SIP using the template in CIMS.

The responses to the corresponding sections in the Department's SIP template may address the requirements for: 1) Title I schools operating a schoolwide program (SWD), pursuant to ESSA, as amended, Section 1114(b); and 2) charter schools that receive a school grade of D or F or three consecutive grades below C, pursuant to Rule 6A-1.099827, F.A.C. The chart below lists the applicable requirements.

SIP Sections	Title I Schoolwide Program	Charter Schools
I-A: School Mission/Vision		6A-1.099827(4)(a)(1)
I-B-C: School Leadership, Stakeholder Involvement & SIP Monitoring	ESSA 1114(b)(2-3)	
I-E: Early Warning System	ESSA 1114(b)(7)(A)(iii)(III)	6A-1.099827(4)(a)(2)
II-A-C: Data Review		6A-1.099827(4)(a)(2)
II-F: Progress Monitoring	ESSA 1114(b)(3)	
III-A: Data Analysis/Reflection	ESSA 1114(b)(6)	6A-1.099827(4)(a)(4)
III-B: Area(s) of Focus	ESSA 1114(b)(7)(A)(i-iii)	
III-C: Other SI Priorities		6A-1.099827(4)(a)(5-9)
VI: Title I Requirements	ESSA 1114(b)(2, 4-5), (7)(A)(iii)(I-V)-(B) ESSA 1116(b-g)	

Note: Charter schools that are also Title I must comply with the requirements in both columns.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

I. School Information

School Mission and Vision

Provide the school's mission statement.

Our mission is to provide the services and supports students need and inspire them to be successful.

Provide the school's vision statement.

100% student success.

School Leadership Team, Stakeholder Involvement and SIP Monitoring

School Leadership Team
For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities as it relates to SIP implementation for each member of the school leadership team.**:**

Name	Position Title	Job Duties and Responsibilities
Medici, Cindy	ESE Specialist	Supports the development of the plan and ensures that activities are completed.

Stakeholder Involvement and SIP Development
Describe the process for involving stakeholders (including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders) and how their input was used in the SIP development process. (ESSA 1114(b)(2))

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

Teachers provided feedback to the HH Coordinator at the end of the school year. When the new administrator was hired in July, the coordinator and the administrator reviewed the feedback and used it to develop the plan. When teachers return in August, the plan will be shared with them with any suggested edits being made at that time.

SIP Monitoring
Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the State's academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan, as necessary, to ensure continuous improvement. (ESSA 1114(b)(3))

As Hospital Homebound is a service, not a school, progress monitoring of student IEP goals will be used to monitor and measure the impact of the implemented strategies.

II. Needs Assessment/Data Review

ESSA School, District and State Comparison (pre-populated)
Please note that the district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each "blank" cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

District and State data will be uploaded when available.

Grade Level Data Review– State Assessments (pre-populated)
The data are raw data and include ALL students who tested at the school. This is not school grade data.
The percentages shown here represent ALL students who received a score of 3 or higher on the statewide assessments.

An asterisk (*) in any cell indicates the data has been suppressed due to fewer than 10 students tested, or all tested students scoring the same.

School, District and State data will be uploaded when available.

III. Planning for Improvement

Area of Focus
(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

#1. Instructional Practice specifically relating to Collaborative Planning

Area of Focus Description and Rationale:
Include a rationale that explains how it was identified as a crucial need from the data reviewed.
One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Collaboration logs submitted indicate minimal collaboration is occurring with students' core content teachers at their home-zoned school.

Measurable Outcome:
State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Staff members will collaborate with at least 1 teacher for each student on their caseload per quarter as evidenced in Collaboration logs.

Monitoring:
Describe how this Area of Focus will be monitored for the desired outcome.

Logs will be monitored quarterly

Person responsible for monitoring outcome:

Cindy Medici (medicic@pcsb.org)

Evidence-based Intervention:
Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Using the resources provided by the CEEDAR Center on High Leverage Practices (Collaboration), staff will participate in PLCs.

Rationale for Evidence-based Intervention:
Explain the rationale for selecting this specific strategy.

The High Leverage Practices developed at the CEEDAR Center are those that ensure the best possible results for students.

Tier of Evidence-based Intervention
(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement
List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Determine appropriate CEEDAR resources and build PLC agendas

Person Responsible: Cindy Medici (medicic@pcsb.org)

Implement materials in PLCs

Person Responsible: Cindy Medici (medicic@pcsb.org)

#2. Positive Culture and Environment specifically relating to Other

Area of Focus Description and Rationale:
Include a rationale that explains how it was identified as a crucial need from the data reviewed.
One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

As the Hospital Homebound team will be led by a new administrator and includes several teachers new to the program, building a positive, collaborative working culture will be a crucial need.

Measurable Outcome:
State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

80% or more of Teacher Satisfaction Surveys reflect that teachers perceive the culture to be positive and collaborative.

Monitoring:
Describe how this Area of Focus will be monitored for the desired outcome.

Teacher Satisfaction Surveys will be distributed at the end of each semester.

Person responsible for monitoring outcome:

Cindy Medici (medicic@pcsb.org)

Evidence-based Intervention:
Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

The team will participate in team-building, vision and mission setting, and goal-setting activities. The team will also determine celebration methods.

Rationale for Evidence-based Intervention:
Explain the rationale for selecting this specific strategy.

Teams that have a common vision, mission, and goals are more apt to work together to achieve those goals. Ensuring team-building activities are incorporated into most meetings also builds a positive culture.

Tier of Evidence-based Intervention
(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement
List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

Team-building activities will be included in 80% of team meeting agendas.

Person Responsible: Cindy Medici (medicic@pcsb.org)

Review vision, update mission, and develop goals as a team

Person Responsible: Cindy Medici (medicic@pcsb.org)

Identify teacher satisfaction survey.

Person Responsible: Cindy Medici (medicic@pcsb.org)

Administer teacher surveys

Person Responsible: Cindy Medici (medicic@pcsb.org)

CSI, TSI and ATSI Resource Review
Describe the process to review school improvement funding allocations and ensure resources are allocated based on needs. This section must be completed if the school is identified as ATSI, TSI or CSI in addition to completing an Area(s) of Focus identifying interventions and activities within the SIP (ESSA 1111(d)(1)(B)(4) and (d)(2)(C).

The district allocates SIP funds to each school as prescribed by the legislature. Principals present to the School Advisory Council the amount of their SIP Funds, their SIP, and how the SIP funds will support the plan. The SAC reviews and votes on approval of the SIP and use of SIP funds. The SIP funds are spent in alignment with the SIP, and reviewed by the SAC throughout the year. Expenditures that deviate from the approved SIP are presented to the SAC, which votes to approve or deny the expense.
