

Student Forms Completion

Each year, families must complete forms for each student which update student-specific information for schools. School leaders will develop and communicate school-specific distribution, submission and collection processes for their students and families.

Paper Forms- Will be distributed to students attending the traditional (in-person) learning option and are also available at the front office of schools.

Electronic Forms- Are available for families to review and fill-out on the district website (<https://www.pcsb.org/Page/33840>). Each school will communicate the process for returning forms and if they can be submitted via email to a designated staff member (recommend Data Prep Clerk). If a family wants to ensure they do not have to physically return a paper form, they can utilize the Online Forms Submission process through the Student Reservation System (SRS) noted below.

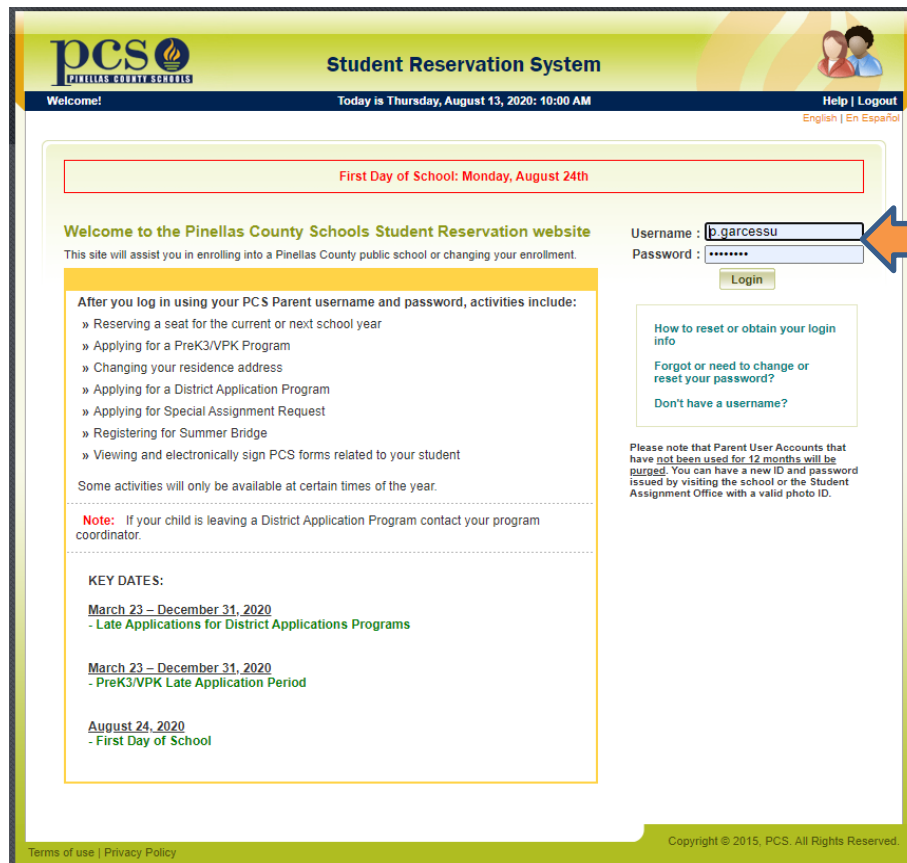

Online Forms Submission through the Student Reservation System (SRS)

Through the Student Reservation System (SRS), parents/guardians are able to view, electronically sign, save and print a number of required PCS forms that are completed at the beginning of each school year.

Utilizing this option automatically updates within district electronic systems (e.g. FOCUS) so parents/guardians do not have to submit paper forms or worry about data entry at the school level if submitted by email.

To complete forms with in SRS:

- 1) Go to the Student Reservation System <https://reservation.pcsb.org/>
- 2) Enter your Username and password to authenticate who you are and sign on to the SRS web site.

- 3) After signing on to the SRS system, indicate that your student is currently attending Pinellas County Schools. You will then be offered the option to complete PCS forms online.
