- Acceptance means...you apply and your “resume” determines whether or not you get accepted
- Colleges and universities look at your HS resume for:
  - What types of courses did he/she take; were they regular, honors, or AP/DE levels?
  - What kind of grades did he/she earn in those courses?
  - What is his/her unweighted and weighted cumulative GPA?
  - How did he/she score on the ACT and/or SAT (best combined scores)?
- You should plan to take the PSAT next fall and your first ACT and SAT in the spring of your junior year

<sup>1</sup> High school graduation year = the year in which the student graduated from high school. For example, a student who graduated between September 1, 2017 and August 31, 2018 graduated in the 2017-2018 academic year.

<sup>2</sup> Home-educated students who were unable to document a college-preparatory curriculum and wished to earn an FMS award, had to earn a 1070 SAT or 23 ACT prior to 2013-14; and earn a 1220 SAT or 27 ACT for 2013-14 and 2014-15. Beginning with the 2015-16 high school graduates, all home-educated students must earn an 1170 SAT or a 26 ACT for FMS and a 1290 SAT or 29 ACT for FAS award. High school transcripts are not required for home-educated students graduating 2015-16 and thereafter.

<sup>3</sup> Extended hours of funding are available to FAS and FMS recipients in a single program of study requiring more than 120 hours.

<sup>4</sup> FAS & FMS scholars completing a baccalaureate degree in 2010-11 or later within 7 semesters (or equivalent hours) or fewer, may receive one term of graduate funding, up to 15 semester hours, paid at the undergraduate rate.

<sup>5</sup> Beginning with the 2016-17 high school graduates, students who earn a Gold Seal CAPE (GSC) award and attain an AS or AAS degree may receive an additional 60 hours of funding toward a qualifying BS or BAS degree program.

<sup>6</sup> Exception to the maximum number of years to begin receiving funding is made for students who are active military or those engaged in a religious or service obligation.

<sup>7</sup> For students graduating high school in 2010-11 and thereafter, if annual renewal requirements were not met due to a verifiable illness or other documented emergency (as reported by the postsecondary institution), an exception of one academic year to the renewal timeframe may be granted if a course of study is not completed after five academic years.
