What is Title I and How Does It Work?

- Title I is the largest federal assistance program for our nation's schools
- The goal of Title I is a higher quality of education for every child. Its purpose is to address the academic needs of students and to assist them in meeting their state's academic standards
- The program serves millions of children in public elementary and secondary schools each year including eligible students in private schools
- The federal government provides funding to states each year for the Title I program
- The Florida Department of Education sends the money to our district, Pinellas County Schools
- The school district identifies eligible schools and distributes the Title I funds to the school
- The BCHS implements a school-wide program, all students benefit from the supplemental services provided by Title I. Every parent is a Title I parent.

BCHS Title I Budget
