Scholar Diploma Designation

If your student is pursuing a scholar diploma designation, in addition to meeting the 24-credit standard high school diploma requirements, they must also pass the Biology 1 EOC and the US History EOC. If your student has not taken and/or passed these assessments yet and wishes to pursue the scholar diploma designation, then they must contact their guidance counselor to schedule a date and time to take these assessments. You can check to see if your student has taken and/or passed these assessments using FOCUS. Upon logging in, you will access their Test History under the My Information tab. Here you will see all standardized tests taken by your student over the years. Clicking on the arrow next to the assessment will provide additional information. A "P" indicates your student has passed this assessment. If you do not see either of these assessments, please have your student contact their guidance counselor as soon as possible. Students must TAKE these EOC's to graduate, but they must PASS them to qualify for the scholar diploma designation. Please visit our website for additional criteria on the scholar and merit diploma designations.
