

August 16, 2020

Dear Parents and Students of Hollins High School this is Principal Robert Florio with an important announcement:

- Welcome to the 2020-21 school year we are excited to get started and are preparing for a great year. As a My PCS student you will be following your schedule in real time just like you would on our campus face to face
- You will be utilizing the technology you used last spring to complete the fourth quarter and the end of the last school year. That includes all returning students and students entering 9th grade from middle school
- We will be utilizing the Canvas learning system which is used by many colleges and universities around the globe. It is a highly functional system that is intuitive and makes online learning an enriching experience
- After 9 weeks you can re-evaluate your learning choice and return to face to face learning on campus if you so choose. Please know that My PCS will be available for the entire year – if you so choose. And we will continue to utilize the Canvas learning system for all students this year and moving forward
- Please review information on orientation and other important items on our school's website

Enjoy the rest of your evening surrounded by good friends and family in good health and high spirits!

See you at the top!
