Hey Day Monday: Club members have name tags for students. The tag is for them to write their name and a fun fact about themselves. We are asking students and teachers to wear them throughout the week. We are trying to promote addressing each other by name and build a culture where we know each other a little better. I will place a name tag in mailboxes for you. If you would like some for class let me know.

Talk Tuesday: Club members will play various bingo games at lunch. Also, if you would like a club member to play with your class, PLEASE let me know class, period and best time to come. Should take about 15-20 for the activity. (If you would like to play with your class on your own let me know and I will email the game to you.
