The courses listed below are Career Dual Enrollment courses available for high school students on SPC (St. Petersburg College) campuses. Students who are interested in these subjects only need to sit for the PERT test and have a 2.0 GPA to qualify. Students will be provided with a dual enrollment placeholder on their schedule, and must provide their own transportation to and from school and SPC. The deadline to register for spring classes is October 31st. Please share these opportunities with your students, and have them see their school counselor by October 16th if they are interested.
