

Hello All,

During this COVID 19 crisis many of our families are or will be struggling with job loss, loss of insurance, concerns with paying bills, help with food etc.

It is essential that as the Pinellas Counties Schools Community we provide resources for our families to assist. As we all know if students are not medically and mentally well, they are not learning to their optimum potential.

I have attached a list of resources for our families to reach out to in case they are in need of help.

-“Medicaid is the state and federal partnership that provides health coverage for selected categories of people in Florida with low incomes. Its purpose is to improve the health of people who might otherwise go without medical care for themselves and their children.”
