[Directions to East Lake High School](#)

10/11/2021

Good Evening Eagle Families,

The **PSAT** and **SAT** is being held this Wednesday, October 13. All 9th and 10th graders are already registered and we also have many 11th graders who have opted in. As we are testing over 1700 students, those students who are not testing will most likely be temporarily relocated to an alternate classroom as many classrooms will be used for testing. If you are not signed up for testing, and wish to use a college day, please remember to email the school before you visit and bring back a letter/note from the college.

October 18-22 is East Lake High School's "College Application Week". We will host two events on Thursday, October 21 which we would like to highlight.

- FREE APPLICATION DAY – SPC

St. Pete College will be coming to room 4225 to assist seniors in applying to St. Pete College. If your child is interested, they can come at lunch or during Periods 5-7 to meet with a representative and apply to the college. Students will be responsible for making up any work missed from class during this time. In order to complete the free application, students will need to bring with them:

- Student's social security number
- Parent's driver's license number (or copy)
- Parent's voter registration number (or copy)

- FAFSA COMPLETION NIGHT FOR PARENTS

October 21 from 6pm-8pm in the Media Center, financial aid experts will be available to help parents complete the FAFSA. This application is open for senior parents to complete in order for their student to receive scholarships and financial aid for college. Most colleges would like this application to be completed prior to December 1, so this would be a great opportunity to have it completed on time to maximize the amount of financial aid offered to your student.

NTHS

The NTHS (*National Technical Honor Society*) will start LAB TUTORING during lunch on Monday's and Wednesday's for students who need to use a computer or obtain help with any work that requires a computer in Mrs. Skinner's room starting November 1st though the Holiday

Break. This is open to anyone that needs to use a computer or gain assistance with technology or assignments of any type.

Level Up

Please take advantage of *Level Up*, the free, virtual enrichment program that helps you and your child get the most out of their PCS Connects digital learning devices. This week, some sessions help students on the Biology, Algebra 1, and Geometry quarterly assessments. Students can also join a self-paced session on the pitfalls and common problems with academic online research. Find these sessions and more at <https://www.pcsb.org/levelup>.

Thank you and have a great evening,

Carmela Haley, Principal
