Summer Programs

Can you believe we are entering the last nine weeks of the semester? I wanted to take a quick moment to recognize our families and students for persevering through this unique school year. Our teachers and staff have worked tirelessly for our students and we know it has not always been smooth sailing, but we are approaching the finish line!

I know there are some students who will need additional support through our summer program which will be held at East Lake this summer. In addition to the credit recovery program, we will have a face-to-face summer bridge program.

Summer Bridge provides engaging activities to prepare students for maximum success when the next school year begins.

New this summer!!!! Arterial transportation will be provided. More information will be sent as soon as this grading period grades are posted.
