Good Evening Eagle Families!

Thank you for another wonderful school year. Please remember we have a multitude of summer opportunities for our students which may be found on our website

<https://www.pcsb.org/site/default.aspx?PageType=3&DomainID=110&ModuleInstanceID=66823&ViewID=6446EE88-D30C-497E-9316-3F8874B3E108&RenderLoc=0&FlexDataID=124355&PageID=213> and in my message earlier this week.

Thank you to all of our staff for a fantastic and successful year. All of our teachers and staff worked tremendously hard this year to provide the best learning opportunities for your student. They are to be commended for their dedication to the school, students and community.

I hope your summer is off to a great start. It is time to relax and recharge with friends and families. Remember to make time to keep your student engaged academically over the summer. An example of engagement might be to spend quality time as a family discussing a book you and your student are reading, or visiting an historically important location and discussing the significance on history.

We are already planning for next year! Teachers are holding meetings and attending training this summer as they prepare for the fall. More to come later on as we develop our school goals for next year. Please remember to check your email as I send out messages with important information throughout the summer

In light of the recent tragic event in Uvalde, Texas, I want to join our superintendent in condolences to the families affected and note this tragedy effects every single family across the nation, including ours.

“As a part of our Pinellas County Schools community, we all play a role in the safety of our schools and work sites. Remember, if we see something, we say something. Just as we ask our students and families to report any safety concerns, staff members play a vital role in reporting. You can always speak with a supervisor, administrator or report through our [Say Something anonymous reporting systems](#). All information, tips or threats are investigated by law enforcement.

We have been tasked by our superintendent to review our emergency plans in place for emergencies at our school. We held monthly drills at school this year and will continue to do so. Our entire administrative team will attend training during the summer focused upon such emergencies and crises. The safety of our students are paramount, there is nothing more important.

Families of our seniors:

As this may be my last message to you, I wanted to thank you for allowing us to partner with you to provide your students' high school education. As highlighted at the graduation ceremony, this year's seniors accomplished great things and I am confident they will continue to do so in their bright futures! They will be missed. Best of luck to our newest alumni!

Thank you

*Carmela Haley, Principal*
