

## 2020-2021 Football Spectator tickets update and procedures

From Mr. Latimore

This year for our football games, we will no longer be selling paper tickets, you will only be able to buy your tickets online! *Tickets will not be sold at the gate*, and will be limited to both the home and visitor side. Direction on how to purchase tickets online will be available on the East Lake High School website and Twitter account very soon.

As a result, we will be limiting the number of tickets that someone can buy to 4 tickets per person. The first priority will be the parents of the players of the team. Tickets will be available starting on Wednesday and will end either when we sell out or at 5:00pm on Friday. *You will not be able to buy tickets at the gate*. Tickets will go quickly, so make sure you purchase your ticket early if you want to attend the game! Once you purchase your ticket, you will receive a message with your ticket- hold on to that until the day of the game! Once you get up to the gate, bring the ticket (s) up, validate them in front of the ticket taker, and that will get you into the game. Do not take a screen shot of your ticket. We will not accept that screen shot.

Please make sure you have your mask, and you and your family find a blue dot to sit on in the stands, so you are safely seated inside our stadium. Masks must remain on the entire game. Once the game is over, we will be asking you to exit the stadium using social distancing, and meet up with your player at your car, not hang around by the locker room waiting for him.

If inclement weather requires the game to be postponed or delayed, please report to your vehicle for safety. Shelter will not be available inside the school due to social distancing guidelines.

Thanks for making sure we have a safe and fun football season this year! Go Eagles

### [Pixellot Camera System](#)

Great News! Pinellas County has equipped every High School with a Pixellot camera system. This new feature will allow for family, community members, students, friends/family out of state to watch Volleyball and Football games live stream. A monthly subscription fee is required, and this will allow you to view games in Pinellas County for the month. Each month will require a subscription fee. The directions on how to purchase your subscription is included in the link below. Thank you for your support of East Lake High School Athletics.
