

## Winter/New Year Challenge for Biology:

Get ready for the New Year by getting ready for the new semester in Biology! Students will access the HSSC Biology site through Clever's High School Winter Challenge app.

HS Winter Challenge

The Biology Winter/New Year Challenge asks students to preview and complete a task for four Quarter 3 concepts then turn this work in to their teacher upon return from the break.

### New Year...New Semester in Biology

The links below will direct you to preview four upcoming key concepts in Quarter 3. Click on each link (enter your R2.D2 and password if prompted), view the resources and on your own paper complete the associated tasks. Turn this work in to your teacher when you return from Winter Break.

 <p><a href="#">L.15.13</a> Conditions for Natural Selection</p>	 <p><a href="#">L.15.6</a> Classification of Organisms</p>
 <p><a href="#">L.14.7</a> Plant Structures and Functions</p>	 <p><a href="#">L.18.9</a> Photosynthesis and Cellular Respiration</p>

Complete this Winter Break Challenge by viewing all four links above and completing the associated tasks on your own paper. Turn this work in to your Biology teacher when you return from Winter Break.
