

Call Out 04_14_2020

Good afternoon Jaguar Nation this is Mrs. Wilson, Principal at TMFMS. I hope all is as well as we can be under the conditions. Thank you for working as a team with TMFMS in this new Virtual Learning. I believe we are well on our way and will continue for as long as we need to. If you are having questions or concerns, please make sure to reach out to teachers. Our teachers are ready to assist you with any concerns you may have. We continue to tweak our way of work to make things as stress less as we can. Teachers are working on communicating on Monday the assignments for the week and where exactly you can upload/turn in assignments. Attendance is important, so please make sure students are checking into each class each day for attendance. Attendance is not for a grade. The virtual teaching schedule is located on our website. This schedule outlines the days and times of each course area.

Next year TMFMS would like to have PE year-round for our 6th and 8th grade students. Typically, our 8th grade PE is paired with Family and Consumer Science. Next year it will not. If your child would like the course Family and Consumer Science please email Ms. Slifkin by Friday, April 17th. If you choose this as an elective it will be removing one of the other electives your child chooses on their registration form. I am attaching the flyer with details of the course. Again, this will replace one of the electives on your child's registration sheet. slifkink@pcsb.org

Refunds from the 8th grade activities will be in the mail on tomorrow. The checks are addressed to the parent in Portal. The checks will be mailed to the address that is listed in Portal. Please look for those. If your child preordered a yearbook they will be here by the end of May.
