Thank you to the speakers for the annual Great American Teach In. Our students were able to learn about law enforcement, native Florida animals, NOAA fisheries, veterinarian medicine, graphic design just to name a few.

The gifted meeting that was scheduled for tomorrow, November 28th will be rescheduled until December 5th. Don't worry parents you will receive your November monthly credit.

Non-gifted parents there is still time to receive November monthly credit by completing the parent survey on campus.
