**iStation Cheat Sheet**

Some things to consider while using iStation from home.

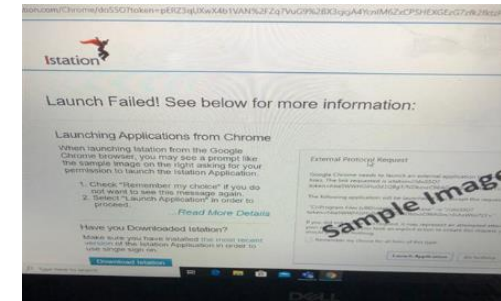

1. Always launch iStation from PCSB Clever page:
   - If the app doesn't launch correctly, restart the computer.

2. Failure to launch error message:
   - If you get a Failure to launch error message try the following below steps depending on your device

STEP ONE:

- **School-Issued Laptop:** Install or uninstall or re-install The Imagination Station software from the Software Center: (Click Here for Instructions)
- **Ipads/Apple Devices:** Download software application from App Store (Click Here for More Info)
- **Home Desktops/laptops:** Visit this site to download correct software application for correct operating system- https://www.istation.com/Support

STEP TWO:

- Restart computer to see if the application works. Don't forget to launch the application from Clever
