Congratulations

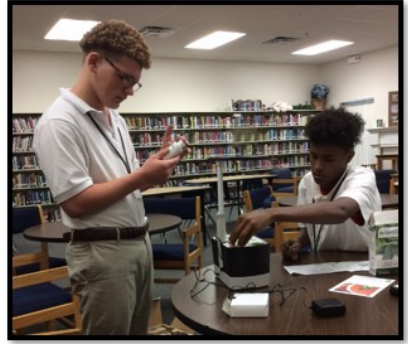

Demarcus Conrad for earning the most Academic Genius and Wall of Character Tickets for the 1st grading period. He enjoyed his lunch on Mrs. Williams from Chick Fil' A. Keep up the Great Work Demarcus!!

Hydroponic Gardening STEM Project

PSS students explore sustainable alternatives to growing their own food. One solution is hydroponic gardening where greens are grown solely in water. Hydroponic gardening uses only about 10% of the water required for soil-based gardening, and the growth rate is 30% to 50% faster.
