

Summer Bridge - High School Program

Summer Bridge is for students who are performing below grade level in reading or math and need extra support, or for students who are behind in credits required for graduation and need to make up core English, science, mathematics or social studies courses.

The six-week program provides learning opportunities during the summer so that students will be on a stronger path to success when the 2015-2016 school year begins. For information on all programs, call High School Education at (727) 588-6302.

Registration: Use the [Student Reservation System](https://reservation.pcsb.org/) to enroll @ <https://reservation.pcsb.org/>

Transportation: *Parents will be responsible for providing transportation for their children.*

Dates: June 16 - July 23

Hours: 8 - 11 a.m.

Days: Monday - Thursday

Please note that the first day of Summer Bridge is Tuesday, June 16.

Locations: Bayside, Boca Ciega, Clearwater, Countryside, Dixie Hollins, Dunedin, East Lake, Gibbs, Lakewood, Largo, Northeast, Osceola Fundamental, Pinellas Gulf Coast Academy, Pinellas Park, Pinellas Secondary, Seminole, St. Petersburg, and Tarpon Springs. *Palm Harbor University High School will only provide credit recovery.*

Literacy Support Program

For current 10th and 11th grade students who have not yet passed the FCAT Reading assessment, which is required for graduation. Students will earn a ½ credit in a Reading for College and Career Success program, which will build their literacy skills so they may take the ACT to earn a passing score for graduation and also to earn a college and career ready score in preparation for success after high school.

Algebra Bootcamp Program

This program is for current eighth-graders who need extra assistance to meet math requirements. Students will earn a ½ credit in an intensive and engaging mathematics program that will prepare them for success in high school Algebra and set them up for success in future math courses. Students must earn four math credits and pass the Algebra End of Course assessment to graduate with a high-school diploma. This program will help students gain skills to succeed while they are earning high school elective credit, even before their freshman year begins!

Credit Recovery Program

For students in grades 9-12 who have failed a core academic course that is required for graduation. Students who need to recover credits use a program called Grad Point, which allows them to make up failed courses at their own pace, so they can get back on track to graduate.

Dates: Credit Recovery courses begin June 8 and run through July 23. Courses may run all summer for 12th graders still seeking credits.

Algebra 1 EOC Preparation

This program is for current ninth, 10th and 11th graders who have failed the spring 2015 administration of the Algebra End of Course Assessment. Provides students with prescriptive assistance and practice to close student gaps in algebra skills or content knowledge. Students will earn a ½ credit in an Algebra 1 Credit Recovery (elective).
