Dates to Remember

The Bauder Vision is Building 100% Success with Quality and Honor!

Bauder will do this by preparing all children for on or above grade level work in middle school and beyond by collaborating as

educators and a community.

Dear Bauder Families:

This year is just flying by and it's so exciting to see your children continue to grow and learn each and every day. It is amazing to me to visit classrooms throughout the day and to listen to your children as they have such engaging, rich conversations with their peers and teachers at such very high levels. How inspiring!!

Right around the corner, on April 1 and April 2, our 3rd graders will be taking their FSA ELA assessment. They have been hard at work all year learning strategies for understanding text, citing evidence to support their thinking and analyzing characters, theme and all different aspects of literary and informational text. The ELA assessment is their time to shine! Also, on April 1, our 4th and 5th grade students will be taking their writing assessment. They have been working hard at becoming reflective writers and will have the chance to show all that they have learned as writers. Your children are well prepared and it will be exciting for them to be able to demonstrate all aspects of the writing process. Please ensure they get a good night's sleep so they have the stamina for the assessment.

We are blessed every day at Bauder with the number of volunteers that work to enrich our school days. Some of our volunteers help from home or spend time with us at school doing various teacher projects or even helping outside of the classrooms in other areas of the school. We could not do what we do each day without the help of our community. Each year we celebrate volunteers that go above and beyond. This year one of our student volunteers was selected as the Outstanding Student Volunteer for Area 3. Join me in congratulating Ella Todd, who volunteers with our Pack-a-Sack program every week! Congrats Ella, we are so proud of you!!

I look forward to seeing you around campus soon.

Your Partner in Education,

Mrs. Jodi Leichman,
Principal

Message from the Clinic:

Cold and flu season is upon us, and we have recently seen an increase in the number of students needing to go home due to cold or flu-like symptoms. Sometimes it can be difficult to distinguish a cold from the flu, as the symptoms can be very similar.

Cold symptoms are usually milder than flu symptoms, and people with a cold are more likely to have a runny or stuffy nose. In general, the flu is worse than the common cold, and symptoms are more common and intense. The flu usually comes on suddenly, and people who have the flu often feel some or all of these symptoms:

- Fever and/or chills
- Cough
- Sore throat
- Runny or stuffy nose
- Muscle or body aches
- Headaches
- Fatigue (tiredness)
- Vomiting and diarrhea (more common in children than adults)

Most people who get the flu will recover in a few days to less than two weeks. Flu vaccination continues to be the best way to protect your family from the flu.

If your child experiences any of the above symptoms, please keep them home from school and call your child's health care provider. Your child may return to school when the signs of illness are no longer present.

INFORMATION ON UPCOMING EVENTS IN MARCH

Safety Information Meeting—3/3

Due to the Marjorie Stoneman Douglas legislation, there have been lots of safety and security changes at all Pinellas County Schools over the last two years. This mandate is unfortunately unfunded and therefore, PCSB is doing their best to accommodate all of the changes at each school. We are aware that this has caused some questions from our families and we want to provide you the opportunity to get your questions answered. We will have Dennis Russo, Administrator for School Safety, available on Tuesday, March 3 from 5:30 p.m.- 6:00 p.m. in the cafeteria to answer your questions. In order to efficiently use the time and to ensure everyone's questions are addressed, please click the link below and submit your questions. Mr. Russo will answer as many questions as possible at the presentation and should your questions not get answered, we will address them in the March bulletin. Please know that we take it very seriously that you have entrusted your children to us and we do what it takes to ensure their safety every day.
