

North Shore Elementary School

2025-2026 Parent and Family Engagement Plan Summary

How We Partner With Families:

We believe parents and schools work best as a team. Here's how North Shore will support you and your child this year:

1. **Family Events and Workshops** – We host events that give you tips and tools to help your child at home:

- Annual Title I Meeting & Open House – Learn about Title I and how it benefits your child.
- STEM Night & Literacy Night – Fun activities and strategies to support math and reading.
- One Book, One School & Curriculum Showcase – Explore ways to strengthen literacy skills.
- Ready, Set...Kindergarten – Help your child get ready for school.
- Parents of Autism Playdates – Connect with other families for support and resources.
- End of Year Showcase – Celebrate student growth and see what your child has accomplished.

2. **Communication** – We will keep you informed through:

- Weekly updates on Focus and Class Dojo
- School website, Facebook, Instagram and Marquee announcements
- Parent conferences (in person or virtual) to review progress and share strategies – review and sign Title 1 Compact Agreement
- Assessment reports in FOCUS

3. **Flexible Meeting Times**

- We offer morning and evening meetings, often with childcare and dinner, so more families can join.

4. **Accessibility**

- Information will be shared in languages such as: English, Spanish, or Swahili as needed. We have staff and translation services available to help.
