

Kuder Galaxy

College and Career learning for Elementary Students (K-5th) with a space theme. Students will work in different planets that represent work environments:

- Realistic (Doers)
- Investigative (Thinkers)
- Artistic (Creators)
- Social (Helpers)
- Enterprising (Persuaders)
- Conventional (Organizers)

Creates Self-Awareness

Helps children develop self-awareness

Broadens Career Awareness

Features a wide variety of careers and avoids gender stereotypes.

Improves Performance

Students demonstrated an 11% increase in school performance.

Encourages Completion

Designated as a "Model Program" by the National Dropout Prevention Center.

- Content aligns with American School Counselor Association (ASCA) and Every Student Succeeds Act (ESSA)
- Corresponds with Social Emotional Learning (SEL) programs and Leader in Me ®
- Promotes equity while teaching students self-awareness that will transition through objectives and themes.
- Students and parents can access Galaxy through Clever
