

# School Quality for Parents/Guardians: Richard L. Sanders School

Results and Analysis

2024-2025 School Year

# Project Overview

The survey was open from January 31 – February 21, 2025.

Email invitations with unique survey links were sent to all parents/guardians. Parents/guardians could take the survey for each school in which they had an enrolled child.

Reminder emails were sent to parents/guardians who had not yet participated throughout the survey window.

The survey was translated into Spanish, Vietnamese, and Arabic.

This report provides a site-based overview of the survey results. District-level reports and verbatim/open-ended response reports were also provided.

K12 Insight/Sogolytics uses census sampling, which provides data reflective of all voices in the community. While all parents/guardians were invited to take the survey, not all participated. Statistical tests designed to infer the perceptions of a larger population from a smaller sample size are not appropriate; rather, descriptive statistics provide the most accurate representation of the data. Therefore, the findings herein cannot be generalized beyond the participants. Nevertheless, this study offers valuable insights about the perceptions of parents/guardians.

Findings for each item in the report exclude participants who did not answer. Data labels less than 5 percent are not shown in charts and graphs. Percentages may not add up to 100 because of rounding.

# School Net Promoter Score

If you had a family member or friend moving to the area, how likely are you to recommend they send their child to your child's school? (N=8)

*Note: The Net Promoter Score (NPS) serves as a proxy for public confidence in the district and can potentially be connected to district growth. It is calculated by subtracting the percentage of detractors from promoters which gives a value between -100 to 100. A positive score means there are more people promoting the district than detracting from it. Passives represent individuals who do not have an unequivocal opinion about their school or district. The Net Promoter Score has been rounded to a whole number.*
