Dear Mr. Hendrick,

Congratulations! The National Academy Foundation is pleased to let you know that your Academy of Finance has met the criteria for maintaining Distinguished Academy status for the 2013-14 academic year. Please share this exciting news with your advisory board, district leaders, and students.

Your academy is one of four academies to qualify as Distinguished for a second three-year cycle by demonstrating continued high fidelity to the NAF model. This accomplishment is significant!

We encourage you to review your Academy Assessment scores from last year and develop an action plan for the coming year to improve areas with the lowest scores.

Please accept my gratitude for your leadership in our network and my appreciation of your commitment to meeting the national standards of excellence that lead to student success.

Cordially,
