### RELEVANT INFORMATION REGARDING EXTRACURRICULAR ATHLETICS

Students who move during the school year may remain at the current school until the end of that school year. Contact school administration for details.

Participation in extracurricular athletics is voluntary and carries certain inherent risks and possibilities of serious injury and even death. I understand the possible risks, and that medical expenses resulting from injuries incurred during District or school sponsored extracurricular athletics are the responsibility of the parents/guardians of the student(s).

Transportation of students participating in extracurricular athletic competitions, practices and other District or school sponsored athletic events will not always be provided or arranged by schools or the Pinellas County School Board.

I hereby agree to waive, release, discharge, indemnify, and hold the school and the Pinellas County School Board harmless from any and all liability for any injury or illness of the above named student(s) including death, or for claims of any nature which may result from transportation of the student(s) to District or school sponsored extracurricular athletic competitions, practices and other District or school sponsored athletic events that is provided or arranged by the student or their parents or guardians.

I agree to indemnify and hold harmless the School and the Pinellas County School Board from claims of any nature including costs, expenses and fees arising out of or as a result of the participants actions during this voluntary activity.

Each student participating in District sponsored Extracurricular Athletics is required to purchase mandatory student accident insurance from the insurance carrier currently contracted with the Pinellas County School Board. This is not intended as primary insurance. This requirement CANNOT be waived, and the insurance must be purchased before any level of participation can occur. Proof of purchase of the appropriate student accident insurance coverage from the currently contracted insurance carrier must be attached to this form.

Failure to purchase the appropriate student accident insurance policy, or, failure by the Pinellas County School Board to verify that this requirement has been met, does not transfer responsibility for payment of any and all injury related claims and expenses, from the student/parent/guardian to the Pinellas County School Board.

Football players cannot alter, in any way, protective gear. Any alterations must be made with the permission of the head coach and must be within the approved specifications of the equipment manufacturer.

A certified Athletic Trainer will be assigned to each school and will attend all football games and can treat students from any school.

A student who transfers from one school to another during the school year must follow the transfer process, except as otherwise allowed by law. See FHSAA bylaw 9.3 Transfers.

Eligibility requirements are designated by the FHSAA and the Pinellas County School Board adopts such requirements as it's own. It is the student's responsibility to confirm his/her eligibility prior to trying out for a team or investing money in insurance.

Participation in extracurricular athletics is a privilege and can be suspended or revoked by the school's administration when deemed necessary.

A student who accepts a position as a member of an athletic team shall be considered a member of that team until the team has completed the final competition in which it is eligible to participate, including all playoff games. Any student who leaves the team for any reason prior to the end of the season shall be ineligible to participate in any other sport until the season of the team she/he left has been completed, except as otherwise allowed by law.

An athlete must be in good standing with the team and the school at the completion of the sport season to be eligible for a letter or any other award. The athlete must meet county and the FHSAA requirements in order to receive a letter or award. A student who leaves the team early or does not participate through the end of the season will not be considered in good standing.

Athletes and teams that qualify to advance in the state series playoffs must participate on the next level of competition qualified for or be assessed a fine from the FHSAA. An athlete that fails to participate in a state series playoff after qualifying will be considered "not in good standing" and therefore not qualified to letter or receive awards.

Relevant information regarding extracurricular athletics.

Students may use the school choice options approved in School Board Policies 5120 - Assignment of Students and 5210.01 - Controlled Open Enrollment to attend a non-zoned school. Once a student is assigned to a non-zoned school the student is eligible to participate in athletics immediately, provided they have not participated in the same sport and the previously attended school in the same year, except as otherwise allowed by law.

Date entered ninth grade	Current grade	Date form is submitted	Age on this date

Pinellas County School in membership with the Florida High School Athletic Association (FHSAA) promotes athletics as a vital part of education. In order to participate in athletic activities, students must meet eligibility requirements established by the FHSAA and Pinellas County Schools. Additionally, required documents must be completed and on file with the school administration before a student is permitted to participate in interscholastic athletic practice which includes any and all forms of physical conditioning, both aerobic and anaerobic regardless of whether such conditioning occurs in the preseason, off-season, summer season, or during the period of permissible organized practice.

FHSAA regulations can be found on line at <a href="https://www.fhsaa.org">www.fhsaa.org</a>. Pinellas County School athletic regulations are part of the School Board Policy manual and can be found on line at <a href="https://www.pcsb.org">www.pcsb.org</a>. Click on the Departments tab, then click on Athletics.

Please carefully read the following information, attach proof of county required insurance, complete the forms, and provide signatures and notarization where required. Return this form to the Athletic Coordinator.

#### HIGH SCHOOL ACTIVITIES PARTICIPATION FORM

Please read both pages and retain a copy of this form before signing and returning to your school or coach

### \*\*\*\*\*\*\*\* NOTICE \*\*\*\*\*\*

Participation in competitive athletics, including cheerleading may result in severe injury, including paralysis, or even death. Improvements in equipment, medical treatment and physical conditioning, as well as rule changes, have reduced these risks, but it is impossible to totally eliminate such occurrences from athletics.

Parent(s) and/or Guardian(s) of Prospective Interscholastic Athletics:

Before trying out for an interscholastic sport, a student must be certified as eligible, in accordance with the Florida High School Athletic Association (FHSAA) rules and the policies of the Pinellas County School Board.

Parent(s) or Guardian(s) must complete the following sections on the reverse side: Certification of Residency, Permission to Participate/Permission for Emergency Medical Treatment, and Certification of Student Accident Insurance. Your student will not be allowed to practice or participate until this form is completed and is on file at the school. After all eligibility requirements have been met, the FHSAA requires a minimum five (5) day walting period before a student may participate in an athletic contest.

The Pinellas County School Board requires students participating in extracurricular sports and certain designated activities to purchase Mandatory Student Accident Insurance (Pinellas County School Board Policy 8760) regardless of your existing insurance coverage. Information on student accident insurance plans is available on the Pinellas County School Board's website, www.pcsb.org under the site shortcuts PE, Alhletics & Extracurricular Activities.

The football insurance plan made available by the Pinellas County School Board must be purchased in order for a student to participate in varsity or junior varsity football.

The first time a student participates in athletics at a school, he/she must submit an original certified copy of his/her birth certificate. The birth certificate will NOT be retained by school personnel. (Photo static or duplicated copies of documents are NOT acceptable in lieu of a birth certificate.)

The following are excerpts of the athletic eligibility rules required by the Florida High School Athletic Association and the School Board of Pinellas County. If further clarification of these rules is required, contact the Assistant Principal for Activities at your school. This form is no longer available in three (3) part carbonless sheets; therefore, it must be duplicated when completed. The school must keep the original and the parent and coach must have a copy.

### PINELLAS COUNTY SCHOOL BOARD POLICY IN BRIEF

Home Educated students must be assigned through the district office.

Students administratively transferred to another regular school for disciplinary reasons shall be ineligible for athletic participation for a period of the remaining of the school year.

Students returning to any regular school from a successful reassignment/expulsion shall be eligible upon return to the regular school provided the student meets all FHSAA eligibility requirements.

Students ejected from an athletic contest for unsportsmanlike conduct are subject to a fine to be paid by the student/parent/guardian to his/her school. The fine may range from fifty (\$50) to two hundred fifty (\$250), determined by the FHSAA, for gross unsportsmanlike conduct. An athlete who is ejected or disqualified for unsportsmanlike conduct will not participate in or represent the school in any future athletic contests until all fines assessed have been paid to the school.

### FLORIDA HIGH SCHOOL ATHLETIC ASSOCIATION, INC. REGULATIONS IN BRIEF

#### Academic Eligibility:

An incoming 9th grade student must have been regularly promoted to be eligible during the first semester.

Eligibility is based on an unweighted cumulative GPA in all courses taken since first entering the 9th grade.

Eligibility status is determined at the end of each semester (18 weeks) to determine if a student is eligible or ineligible. This means a student who maintains a cumulative 2.0 grade point average is eligible for an entire semester (18 weeks). If a student does not maintain a cumulative 2.0 grade point average, he/she is ineligible for an entire semester (18 weeks). This applies to 11th and 12th grade students. PLEASE CONTACT YOUR SCHOOLS' ASSISTANT PRINCIPAL FOR ACTIVITIES OR YOUR SCHOOLS' ATHLETIC COORDINATOR IF YOU HAVE QUESTIONS.

A student will be ineligible if they reach the age of 19 years before September 1st.

Students have four consecutive years of high school eligibility from the date they first enter the 9th grade. Beginning with students entering grade 9 in 2018-2019, and thereafter, a student who reached 19 on or after September 1st, and who has not exceeded his/her four year limit of eligibility, may participate in Interscholastic athletics during that school year.

Physical Evaluation: The annual physical evaluation must be administered either by a licensed physician, a licensed osteopathic physician, a licensed chiropractic physician, a licensed physician assistant, or a certified advanced registered nurse practitioner. A physical evaluation is valid for one year (365 calendar days) from its date. For example, if a physical is on May 1 it is valid through the following April 30.

#### **Concussion Information**

Concussion is a brain injury. Concussions, as well as all other head injuries, are serious. They can be caused by a bump, a twist of the head, sudden deceleration or acceleration, a blow or jolt to the head, or by a blow to another part of the body with force transmitted to the head. You cannot see a concussion, and more than 90% of all concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. All concussions are potentially serious and, if not managed properly, may result in complications including brain damage and, in rare cases, even death. Even a "ding" or a bump on the head can be serious. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, your child should be immediately removed from play, evaluated by a medical professional, and cleared by a medical doctor.

#### Signs and Symptoms of a Concussion:

Concussion symptoms may appear immediately after the injury or can take several days to appear. Studies have shown that it takes on average 10-14 days or longer for symptoms to resolve and, in rare cases or if the athlete has sustained multiple concussions, the symptoms can be prolonged. Signs and symptoms of concussion can include: (not all-inclusive)

- Vacant stare or seeing stars
- · Lack of awareness of surroundings
- · Emotions out of proportion to circumstances (inappropriate crying or anger)
- · Headache or persistent headache, nausea, vomiting
- Altered vision
- Sensitivity to light or noise
- · Delayed verbal and motor responses
- · Disorientation, slurred, or incoherent speech
- Dizziness, including light-headedness, vertigo (spinning), or loss of equilibrium (being off-balance or swimming sensation)
- Decreased coordination, reaction time
- · Confusion and inability to focus attention
- Memory loss
- Sudden change in academic performance or drop in grades
- · Irritability, depression, anxiety, sleep disturbances, easy figitability
- · In rare cases, loss of consciousness

#### DANGERS if your child continues to play with a concussion or returns too soon:

Athletes with signs and symptoms of concussion should be removed from activity (play or practice) immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to sustaining another concussion. Athletes who sustain a second concussion before the symptoms of the first concussion have resolved and the brain has had a chance to heal are at risk for prolonged concussion symptoms, permanent disability and even death (called "Second Impact Syndrome" where the brain swells uncontrollably). There is also evidence that multiple concussions can lead to long-term symptoms, including early dementia.

### Steps to take if you suspect your child has suffered a concussion:

Any athlete suspected of suffering a concussion should be removed from the activity immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without written medical clearance from an appropriate healthcare professional (AHCP). In Florida, an appropriate healthcare professional (AHCP) is defined as either a licensed physician (MD, as per Chapter 458, Florida Statutes) or a licensed osteopathic physician (DO, as per Chapter 459, Florida Statutes). Close observation of the athlete should continue for several hours. You should also seek medical care and inform your child's coach if you think that your child may have a concussion. Remember, it's better to miss one game than to have your life changed forever. When in doubt, sit them out.

### Return to play or practice:

Following physician evaluation, the return to activity process requires the athlete to be completely symptom free, after which time they would complete a stepwise protocol under the supervision of a licensed athletic trainer, coach, or medical professional and then, receive written medical clearance from an AHCP.

For current and up-to-date information on concussions, visit http://www.cdc.gov/concussioninyouthsports/ or http://www.seeingstarsfoundation.org

### Statement of Student-Athlete Responsibility:

Parents and student should be aware of preliminary evidence that suggests repeat concussions, and even hits that do not cause a symptomatic concussion, may lead to abnormal brain changes which can only be seen on an autopsy (known as Chronic Traumatic Encephalopathy (CTE). There have been case reports suggesting the development of Parkinson's-like symptoms, Amyotrophic Lateral Sclerosis (ALS), severe traumatic brain injury, depression, and long-term memory issues that may be related to concussion history. Further research on this topic is needed before any conclusions can be drawn.

I acknowledge the annual requirement for my child/ward to view "Concussion in Sports" at www.nfhslearn.com. I accept responsibility for reporting all injuries and illnesses to my parents, team doctor, athletic trainer, or coaches associated with my sport, including any signs and symptoms of concussion. I have read and understand the above information on concussion. I will inform the supervising coach, athletic trainer, or team physician immediately if I experience any of these symptoms or witness a teammate with these symptoms. Furthermore, I have been advised of the dangers or participation for myself and that of my child/ward.

### **Sudden Cardiac Arrest Information**

Sudden cardiac arrest (SCA) is a leading cause of sports-related death. Sudden cardiac arrest (SAC) occurs when the heart suddenly and unexpectedly stops beating. When this happens blood stops flowing to the brain and other vital organs. SCA is NOT a heart attack. A heart attack may cause SCA, but they are not the same. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the heart to suddenly stop beating. SCA can cause death if it is not treated within minutes.

### How common is sudden cardiac arrest in the United States?

There are about 350,000 cardiac arrests that occur outside of hospitals each year. More than 10,000 individuals under the age of 25 die of SCA each year. SCA is the number one killer of student-athletes and the leading cause of death on school campuses.

#### Are there warning signs?

Although SCA happens unexpectedly, some people may have signs or symptoms, such as but not limited to dizziness or light-headedness, fainting, shortness of breath, racing or skipped beats/palpitations, fatigue, weakness, chest pain/pressure or tightness. These symptoms may occur before, during, or after activity. These symptoms can be unclear and confusing in athletes. Some may ignore the signs or think they are normal results of physical exhaustion. If the conditions that cause SCA are diagnosed and treated before a life-threatening event, sudden cardiac death can be prevented in many young athletes.

#### What are the risks or practicing or playing after experiencing these symptoms?

There are significant risks associated with continuing to practice or play after experiencing these symptoms. The symptoms might mean something is wrong and the athlete should be checked before returning to play. When the heart stops due to cardiac arrest, so does the blood that flows to the brain and other vital organs. Death or permanent brain damage can occur in just a few minutes. Most people who experience a SCA die from it; survival rates are below 10%.

FHSAA Sports Medicine Advisory Committee strongly recommends a medical evaluation with your healthcare provider for risk factors of sudden cardiac arrest, which may include an electrocardiogram.

The FHSAA Sports Medicine Advisory Committee works to help keep student-athletes safe while practicing or playing by providing education about SCA and by notification to parents that you can request, at your expense, an electrocardiogram (EKG or ECG) as part of the annual preparticipation physical examination to possibly uncover hidden heart issues that can lead to SCA.

#### Why do heart conditions that put youth at risk go undetected?

- Publications report up to 90% of underlying heart issues are missed when using only the history and physical exam;
- . Most heart conditions that can lead to SCA are not detectable by listening to the heart with a stethoscope during a routine physical; and
- Often, youth do not report or recognize symptoms of a potential heart condition.

#### What is an electrocardiogram (ECG or EKG)?

An ECG/EKG is a quick, painless, and noninvasive test that measures and records a moment in time of the heart's electrical activity. Small electrode patches are attached to the skin of your chest, arms, and legs by a technician. An ECG/EKG provides information about the structure, function, rate, and rhythm of the heart.

#### Why request an ECG/EKG as part of the annual preparticipation physical examination?

Adding an ECG/EKG to the history and annual preparticipation physical exam can suggest further testing or help identify heart conditions that can lead to SCA. An ECG/EKG can be ordered by your family healthcare provider from screening for cardiovascular disease or for a variety of symptoms such as chest pain, palpitations, dizziness, fainting, or family history of heart disease.

- ECG/EKG screenings should be considered every 1-2 years because young hearts grow and change.
- ECG/EKG screenings may increase sensitivity for detection of undiagnosed cardiac disease but may not prevent SCA.
- ECG/EKG screenings with abnormal findings should be evaluated by trained physicians.
- If the ECG/EKG screening has abnormal findings, additional testing may need to be done (with associated cost and risk) before a diagnosis can be made and may
  prevent the student from participating in sports for short period of time until the testing is completed, and more specific recommendations can be made.
- The ECG/EKG can have false positive findings, suggesting an abnormality that does not really exist (false positive findings occur less when ECG/EKGs are read by a
  medical practitioner proficient in ECG/EKG interpretation of children, adolescents, and young athletes).
- ECG/EKGs result in fewer false positives than simply using the current history and physical exam.

The American College of Cardiology/American Heart Association guidelines do not recommend an ECG or EKG in asymptomatic patients but do support local programs in which ECG or EKG can be applied with high-quality resources.

#### Removal from play/return to play

Any student-athlete who has signs or symptoms of SCA should be removed from play (which includes all athletic activity). The symptoms can happen before, during, or after activity. Before returning to play, the athlete shall be evaluated and cleared. Clearance to return to play must be in writing. The evaluation shall be performed by a licensed physician, certified registered nurse practitioner, or cardiologist (heart doctor). The licensed physician or certified registered nurse practitioner may consult any other licensed or certified medical professionals.

By signing this agreement, I acknowledge the annual requirement for my child/ward to view the "Sudden Cardiac Arrest" course at www.nfhslearn.com. I acknowledge that the information on Sudden Cardiac Arrest has been read and understood. I have been advised of the dangers of participation for myself and that of my child/ward.

### **Heat-Related Illness Information**

Heat-related illness is a cause for concern for student-athletes who participate in high school sports in Florida. Especially vulnerable are those students who participate in conditioning and practices in the summer months and other times of extreme heat. Student-athletes suffer heat-related illness when their bodies cannot properly cool themselves by sweating. Sweating is the body's natural air conditioning, but when a person's body temperature rises rapidly, sweating just is not enough. Heat-related illnesses can be serious and life-threatening. Very high body temperatures may damage the brain or other vital organs and can cause disability and even death. Heat-related illnesses and deaths are preventable.

What are some common heat-related injuries in sports?

Exertional Heat Stroke (EHS): EHS is the most serious heat-related illness. EHS is a medical emergency. It happens when the body's temperature rises quickly, and the body cannot cool down. Student-athletes can die or become permanently disabled from EHS if not properly recognized and managed. EHS is one of the leading causes of death in young athletes, especially in Florida. The two main criteria for diagnosing EHS are rectal temperature >105F (40.5C) immediately post collapse and central nervous system (CNS) dysfunction. There are many signs and symptoms associated with EHS. Parents and student-athletes should familiarize themselves with these by viewing the free video resources provided by the National Federation of High School Sports (NFHS) or the FHSAA.

- EHS is preventable by taking the proper precautions and understanding the symptoms of someone who has become ill due to heat.
- EHS is survivable when quick action is taken by staff members that includes early recognition of symptoms and aggressive cold-water immersion.

Heat Exhaustion (EHI): Heat exhaustion is the most common heat-related condition observed in active populations including student-athletes. EHI is a type of heat-related illness. EHI is defined as the inability to continue exercise in the heat because the heart has difficulty providing enough oxygenated blood to all the working organs and muscles. It usually develops after several days practicing or conditioning in high temperature weather and not drinking enough fluids.

Heat Cramps: Heat cramps are painful, involuntary cramping often in the legs, arms, or abdomen with muscle contraction. Cramping usually occurs in the preseason conditioning phase when the body is not properly conditioned and more subject to fatigue. Heat cramps can easily be treated with rest, stretching of the muscle, and replacement of fluid and electrolytes. The exact mechanism of muscle cramps in warm environmental conditions is unknown but can be caused acutely by extensive dehydration and sodium losses or chronically via inadequate electrolytes in the athlete's diet. Although heat cramps are not a cause of sudden death, it can be confused with the more serious condition, exertional sickling.

#### Is my student at risk?

Yes, all student-athletes are vulnerable to exertional heat stroke and other heat-related injuries. While every student-athlete can succumb to EHS, newer data is reporting a high incidence of exertional heat stroke cases in football players, especially those who play the lineman position and in very lean distance runners. Research also states many reports of EHS emergencies are during summertime or preseason conditioning sessions. Other conditions that can increase your risk for heat-related illness include obesity, fever, dehydration, poor circulation, sunburn, and prescription drug or alcohol use.

### What is the FHSAA doing to keep my student safe?

The FHSAA has published Policy 41, titled "Exertional Heat Illness". This policy provides specific procedures for schools to educate student-athletes and parents on EHI as well as strategies to prevent these injuries. FHSAA Policy 41 also provides procedures for schools to follow for preseason acclimatization, environmental monitoring, and the inclusion of cooling zones for the management of a student-athlete suffering from a heat injury.

How can I help to keep my student safe when it comes to the heat?

- Learn more about heat-related injuries in sports at https://www.nfhs.org/media/1015695/ksi-5-pillars-of-exertional-heat-stroke-prevention-2015.pdf
- Discuss nutrition, proper hydration, body weight, and the importance of sleep and rest with your family healthcare provider at the time fo the sports physical
- Talk to your school and coach about safeguards they have in place to keep kids safe in the heat and what they will do for someone who becomes ill or injured
- Monitor fluid intake of your student while at home and routinely check in with your student-athlete to inquire about how they feel
   Report any concerns with your school's athletic trainer, team physician, coach, or your family healthcare provider

By signing this agreement, I acknowledge the annual requirement for my child/ward to view the "Heat Illness Prevention" course at www.nfhslearn.com. I acknowledge that the information on Heat-Related Illness has been read and understood. I have been advised of the dangers of participation for myself and that of my child/ward.

### Consent and Release from Liability Certificate (Page 5 of 5)

This completed form must be kept on file by the school. This form is valid for 365 calendar days from the date of the most recent signature. This form is non-transferable; a change of schools during the validity period of this form will require this form to be re-submitted.

School: Northeast High School

School District (if applicable): Pinellas

# Attention Student and Parent(s)/Guardian(s)

Your school is a member of the Florida High School Athletic Association (FHSAA) and follows established rules. To be eligible to represent your school in interscholastic athletics, in an FHSAA recognized and/or sanctioned sport, the student:

- 1. Must complete an EL3 for each school at which the student participates; this form is non-transferable.
- 2. Must display good sportsmanship and follow the rules of competition **before**, **during**, **and after** every contest in which the student participates. If not, the student may be suspended from participation for a period of time. (FHSAA Bylaw 7.1)
- 3. Must not provide false information to his/her school or to the FHSAA to gain eligibility. (FHSAA Bylaw 9.1.1.2)
- 4. Must be regularly enrolled in and in regular attendance at your school. If the student is a home education student, a charter school student, an alternative/special school student, a non-member private school student, or a Florida Virtual School Full-Time Public Program student, the student must declare in writing his/her intent to participate in athletics to the school at the student is permitted to participate. Home Education students and students attending a non-member private school must complete additional paperwork prior to participating. (FHSAA Bylaw 9.2, FHSAA Policy 16.6, and Administrative Procedure 1.8)
- 5. Must attend school within the first ten (10) days of the beginning of each semester to be eligible during that semester. (FHSAA Bylaw 9.2.3)
- 6. Must maintain at least a cumulative 2.0 GPA on a 4.0 scale (unweighted) prior to the semester in which the student wishes to participate. This GPA must include all courses taken since the student entered 9th grade. A 6th, 7th, or 8th grade student must have earned at least a 2.0 GPA on a 4.0 scale (unweighted) during the previous semester. (FHSAA Bylaw 9.4.1 and F.S. 1006.15(3)a)
- 7. Must not have graduated from any high school or its equivalent. (FHSAA Bylaw 9.4.7)
- 8. Must not have enrolled in the 9th grade for the first time more than **eight consecutive semesters** ago. A 6th, 7th, or 8th grade student may not participate at any level if the student is **repeating** that grade level. (FHSAA Bylaw 9.5)
- Must not turn 19 before July 1st to participate at the high school level; must not turn 16 before July 1st to participate at the junior high school level; and must not turn 15 before July 1st to participate at the middle school level, otherwise the student becomes permanently ineligible. (FHSAA Bylaw 9.6)
- 10. Must undergo a preparticipation physical evaluation and be certified as being physically fit for participation in interscholastic athletics on a form (EL2) provided to the school. (FHSAA Bylaw 9.7 and F.S. 1002.20(17)b)
- 11. Must have signed permission to participate from the student's parent(s)/guardian(s) on a form (EL3) provided to the school. (FHSAA Bylaw 9.8)
- 12. Must be an **amateur**. This means the student must not accept money, gifts, or donations for participating in a sport, or use a name other than his/her own when participating. (FHSAA Bylaw 9.9)
- 13. Must not participate in an all-star contest in a sport prior to exhausting his/her high school eligibility in that sport. (FHSAA Policy 26)
- 14. Youth Exchange, Other International, and Immigrant students must be **approved** by the FHSAA Office prior to participation. Exceptions may apply. (FHSAA Policy 17)
- 15. Must refrain from hazing/bullying while a member of an athletic team or while participating in any athletic activities sponsored by or affiliated with a member school.

If the student is declared or ruled ineligible due to one or more of the FHSAA rules and regulations, the student has the right to request that the school file an appeal on behalf of the student. See the principal or athletic director for information regarding this process.

By signing this agreement, the undersigned acknowledge that the information on the Consent and Release from Liability Certificate in regard to the FHSAA's established rules and eligibility have been read and understood.

### ADDENDUM TO HIGH SCHOOL ACTIVITIES PARTICIPATION FORM

This Addendum to the High School Activities Participation Form provides additional acknowledgements and releases required by the Florida High School Athletic Association ("FHSAA") and must be fully executed in conjunction with the High School Activities Participation Form (PCS form 4-1891-A).

#### Student Acknowledgement and Release (to be signed by student)

I know the risk involved in athletic participation, understand that serious injury, and even death, is possible In such participation, and choose to accept such risk. I voluntarily accept any and all responsibility for my own safety and welfare while participating In athletics, with full understanding of the risk involved. Should I be 18 years of age or older, or should I be emancipated from my parent(s)/ guardian(s), I hereby release and hold harmless any school, the schools against which It competes, the school district, the school district (sic), the contest officials and FHSAA of any and all responsibility and liability for any injury or claim resulting from such athletic participation and agree to take no legal action against the FHSAA because of any accident or mishap involving my athletic participation. I hereby authorize the use or disclosure of my individual Identifiable health information should treatment for illness or injury become necessary. I hereby grant to the FHSAA the right to review all records relevant to my athletic eligibility including, but not limited to, my records relating to enrollment and attendance, academic standing, age, discipline, finances, residence and physical fitness. I hereby grant the released parties the right to photograph and/or videotape me and further use my name, face, likeness, void and appearance in connection with exhibitions, publicity, advertising, promotion, and commercial material without reservation or limitation. The released parties, however, are under no obligation to exercise said rights herein. I understand that the authorization and rights granted herein are voluntary, and that I may revoke any and all of them at any time by submitting said revocation in writing to my school. By doing so, however, I understand that I will no longer be eligible for participation in interscholastic athletics.

# Parent/Guardian Consent, Acknowledgement and Release (to be completed and signed by all parents/guardians; where divorced or separated, parent/guardian with legal custody must sign)

I, we understand that participation may necessitate an early dismissal from classes. I/we know of, and acknowledge that my child/ward knows of the risk involved in interscholastic athletic participation, understand that serious injury and even death is possible in such participation and choose to accept any and all responsibility for his/her safety and welfare while participating In athletics. With full understanding of the risks involved, I/we release and hold harmless my child's/ward's school, the schools against which it competes, the contest officials and FHSAA of any and all responsibility and liability for any injury or claim resulting from such athletic participation and agree to take no legal action against the FHSAA because of any accident or mishap involving the athletic participation of my child/ward. I authorize emergency medical treatment for my child/ward should the need arise for such treatment while my child/ward is under the supervision of the school, I/we further hereby authorize the use or disclosure of my child's/ward's individual identifiable health information should treatment for illness or injury become necessary. I/we consent to the disclosure by my child's/ward's school, to the FHSAA upon its request, of all records relevant to his/her athletic eligibility including, but not limited to, his/her records relating to enrollment and attendance, academic standing, age, discipline, finances, residence and physical fitness. I/we grant the released parties the right to photograph and/or videotape my child/ward and further use said child's/ward's name, face, likeness, voice and appearance in connection with exhibitions, publicity, advertising, promotion and commercial material without reservation or limitation. The released parties, however, are under no obligation to exercise said rights herein. I/we understand the authorization and rights granted herein are voluntary and that I/we may revoke any or all of them at any time by submitting said revocation writing to my school. By doing so, however, I/we understand that my/our child/ward will no longer be eligible for participation in Interscholastic athletics.

### Student Accident Insurance

Student Accident insurance is available for K-12 and PTC students enrolled in Pinellas County Schools. Coverage is required for students participating in sports and certain extra-curricular activities.

### This plan does not contain a deductible provision.

Coverage may be purchased at any time during the 2022-2023 school year. At School coverage ends on June 1<sup>st</sup>, 2022. 24 Hour coverage ends on July 31<sup>st</sup>, 2022.

### Voluntary K-12 Student Accident Insurance

If you don't have other insurance, this plan may be a resource to consider. Additionally, even if you have other coverage, this plan can help fill expensive "gaps" caused by deductibles and co-pays.

### Mandatory K-12 Student Accident Insurances (Sports & Activities)

The Pinellas County School Board, like most school boards in the State of Florida, requires students participating in certain school activities to purchase student accident insurance. This requirement will help ensure that every student who participates in certain activities is covered. This covered is required even if the student is covered by another medical plan or program. There are no exceptions to this requirement as it is school board policy. This policy can be viewed by looking up: School Board Policy 8760.

THIS IS EXCESS INSURANCE. IT IS PROVIDED TO COVERS SOME OF THE OUT OF POCKET EXPENSES ASSOCIATED WITH ACCIDENTS. IT IS NOT INTENDED TO REPLACE YOUR PRIMARY MEDICAL INSURANCE. ANY OTHER MEDICAL INSURANCE POLICY WILL BE EXPECTED TO PAY BEFORE THE EXCESS STUDENT ACCIDENT ISNURANCE POLICY.

### DIRECTIONS FOR ENROLLMENT:

- 1. Go to: K12studentinsurance.com
- 2. Click on Red Banner/Box labeled 'K-12 Student Insurance.' Then, click on "Browse Rates", click on "Pick your state" then select Pinellas County Schools. Under the rate information, click on the brochure (English or Spanish) if you want to view the high/low benefit plans before making your purchase.
- 3. Open New Account Create an account with a User ID and Password. (You must create a new account each school year.) Remember your User ID and Password for future reference and to reprint ID cards if necessary.
- 4. Add Student & Coverage by clicking the "Add Student" button on the top of the page. Continue to add each student by clicking on the "Add Student" button until all your students are added.
- 5. Click on "Add Selected Items to Shopping Cart" the select "Checkout."
- 6. Select your payment type and click "Continue Checkout." Pay by credit card or e-check. If you do not have a credit card or checking account, contact the local office at 727-656-6980 for assistance.
- 7. Enter billing information and click "Continue Checkout."
- 8. Click "Pay and View Receipt" to complete your order to print your ID card, click on Return to My Account at the bottom of the screen. You will also receive a confirmation email with the ID card.
- 9. Provide a copy of the ID card to the Coach as proof of enrollment.

If you do not have internet access or if you do not have a credit card or checking account, please call 727-656-6980.

# **Directions for Online Courses and Birth Certificate**

- 1. Log on to nfhslearn.com
  - A) Log in using your email and password if you remember it (green sign in button top of page) or:
  - B) Create a new account (first time users or if you forgot your email that you used in the past @ the bottom of the pop-up box.)
- 2. This will bring you to the dashboard
- 3. Click the courses tab Choose Coach or Student (on the left side of the screen)
- 4. Click View Courses. Then click order course.

### A) Athletes need to complete the following courses:

- 1) Concussion for Students
- 2) Heat Illness Prevention
- 3) Sudden Cardiac Arrest
- 5. Select that you are taking this course as 'yourself.'
- 6. Choose Florida as your state
- 7. Check out must check the box that states, "I agree ....." (Click Continue/blue box)
- 8. Go back to your dashboard
- 9. My Courses Begin Course/Watch Video(s) and complete the test
- 10. Download or print your certificates for your records.

# **Birth Certificate**

The FHSAA <u>requires</u> student-athletes to submit a copy of their birth certificate to the <u>athletic</u> office the first time they participate in a sport at their school. This is separate than registering at a school academically.

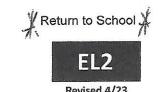

If this is your child's first time trying out for a sport at Northeast, please make a copy of
their birth certificate and bring to Coach White in 28-15. You may also scan or send a copy to
whitew@pcsb.org. If your child has participated in a sport at Northeast, please list the sport
here:

and/or cardio stress test.
