ABOUT US

Azalea Middle School's Academy of Engineering is a magnet that offers students in grades 6-8 a real world, project-based curriculum designed to challenge and engage their natural curiosity and imagination. Students envision, design, and test their ideas with the same advanced modeling software used by modern engineering firms. The knowledge gained by our students and the skills they build create a strong foundation for further STEM learning in high school and beyond.

POINTS OF PRIDE

- Design & Modeling
- Automation & Robotics
- Energy & the Environment
