

**PINELLAS COUNTY SCHOOLS  
FOOD SERVICES DEPARTMENT**

**HEALTH DEPARTMENT FOLLOW-UP**

Sanitation of Food Service Areas is important, as a quality program requires outstanding sanitation. The manager is expected to maintain high sanitation standards and to cooperate with the Sanitation Inspector. Once a sanitation inspection is completed, the manager will consult with the HPO, building principal, and maintenance supervisor to determine who will perform the necessary work to comply with inspection report.

1. School Name: Frontier Elementary

2. Café Manager: David Roland

3. Date of Inspection: 12/7/15

| <b>ITEM TO BE CORRECTED</b>           | <b>By School</b>   | <b>By Maintenance Department</b> | <b>Date Work Order Submitted</b> | <b>Work Order Number</b> | <b>Date Completed</b> |
|---------------------------------------|--|----------------------------------|----------------------------------|--------------------------|-----------------------|
| Dented Cans                           | Manager requested Stop sale and it was issued and cans destroyed |                                  |                                  |                          | 12/7/15               |
| Food stores near garbage and on floor | Corrected immediately  |                                  |                                  |                          | 12/7/15               |
