YOU Can Make a Difference at Mildred Helms!

You are so important to the success of our children! There are dozens of ways you can help your child by helping their school through PTA endeavors. Whether you have 30 minutes to give or 30 hours, just once or all year, it will make a positive difference for your child and the school.

Oh, by the way, was it mentioned how much FUN our MHES volunteers have? You will make great friends and feel great knowing YOU are doing your part! Please let us know how you can help. Mark all that you may be interested in doing for the first part of the year.

Donations can consist of your time or food items.

***** You **must** be a **registered** volunteer to be on school premises or be in contact with students! Contact Amanda Harig, MHES Volunteer Coordinator and Community Liaison, in the front office to make sure your registration is up to date! *****
