

## Certificate of Distinction II Training Opportunities

*To set goals and develop both professionally and personally*

This program is an opportunity to set goals for your professional and personal development and to choose classes to help you grow. All classes can be taken through Pinellas County Schools, college courses, or training through professional organizations. You may use training provided by other sources (e.g. Skill Path, PTC etc.), provided they align to your professional and personal goals created in the COD II Trio class. If a course is taken outside of the district, a certificate with your name, completion date, training title and the number of hours will be accepted if it aligns to your goals.

The first class is in Professional Learning Network (PLN) by using the search word COD and meets from 8:00 to 4:00 → **COD II Trio**.

You **do not** have to take the COD II Trio class first, but it is helpful. *COD II courses will apply only after the completion date of COD I.*
