

Coronavirus (COVID19) Preparedness Guide

March 19, 2020

National Health Resources

Centers for Disease Control and Prevention (CDC)

The Centers for Disease Control and Prevention (CDC) is closely monitoring developments around the COVID-19 coronavirus first identified in Wuhan, Hubei Province, China. To learn about the coronavirus, how they spread, symptoms, diagnosis, treatment, and prevention visit [the CDC website](#) for more information.

- To learn about guidance for travelers, please visit the CDC [Guidance for Travelers](#) section for more information.
- For travelers from China arriving in the US, please visit the [CDC recommendations](#) page.
- For warnings and recommendations issued by the CDC on reducing the risk of contracting coronavirus, visit the [Traveler View](#) page.
- For what to do if you are sick, please access the [CDC Coronavirus Guide](#).
- For the myth buster page regarding the false information circulating about the virus, visit the [myth buster section](#).
- For a map of public health laboratory **testing** for COVID-19, please visit the CDC's [testing in U.S. page](#). This map includes states and territories with one or more laboratories that have successfully verified and are currently using COVID-19 diagnostic tests. Contact your [state health department](#) regarding questions about testing in your region.
- For interim guidance for businesses and employers, visit this [page](#).

World Health Organization (WHO)

WHO works worldwide to promote health and helps prevent emergencies by identifying risks and developing tools needed during outbreaks. WHO published a range of interim guidance for all countries on how they can prepare for the coronavirus, including how to monitor for sick people, test samples, treat patients, control infection in health centers,
